How Predators Contact Children

- **77%** of sexual solicitations of youth were made chatting online.
- **69%** of teens regularly receive personal messages online from people they don't know and most teens don't tell a trusted adult about it.

Techniques Predators Use to Trick Students

Social Networking Discussion Questions & Action Plan

Social Networking
Discussion Questions & Action Plan

Discussion Questions. Talk to your child about information on profiles; and together review profiles he or she has created or visited. Encourage your child to share their online experiences. Here are some questions to get you started:

1. What do you use the Internet for?
2. Do you have an e-mail address? How many? What are they? What are the passwords?
3. Do you have a profile? How many? Where are the profiles? What are the usernames and passwords?
4. How private do you think the information is that you post on the Internet? Who might see it?
5. Do you think college admissions officers might look? What about prospective employers?
6. Have you ever been contacted by a stranger on the Internet? How did you respond?

Online Safety Contract

1) I will not give out any personal information online without a trusted adult's permission. This includes my name, phone number, address, email, location of my school, my parents' work address/ telephone numbers and credit card numbers, and my picture. This goes for anywhere on the Internet, including email, chat rooms, websites that promise me free stuff or prizes, and in material I post.

2) When using the Internet, I will always use a pretend name or nickname that doesn't reveal my name, age, or whether I am a boy or a girl.

3) When creating a password, I will make one up that is hard to guess but easy for me to remember. To avoid having it stolen, I will never reveal it to anyone (except my parents) – not even my best friend.

4) I will not respond to any message that makes me feel uncomfortable. I will show a trusted adult right away. I will contact authorities immediately if I see anything that suggests someone is going to cause harm to themselves or others.

5) I will never meet in person with someone I first met online.

6) I will not send or post an insulting or rude message.
