MICHIGAN NAAQS ATTAINMENT STATUS

Attainment Areas:
The entire State of Michigan is currently designated “Attainment” with the National Ambient Air Quality Standards (NAAQS) for:

♦ Carbon Monoxide [CO]
♦ Nitrogen Dioxide [NO₂]
♦ Ozone [O₃]
♦ Particulate Matter Less Than 10 Microns [PM₁₀]
♦ Annual and 24-hour PM₂.₅ (fine particles)

Nonattainment Areas:

♦ Sulfur Dioxide [SO₂]
  In Wayne county, a corridor that runs along I-75 extending east to the shoreline border was recently designated to nonattainment with the new 2010 standard.

♦ Lead [Pb]
  All Michigan Counties meet the Lead (Pb) National Ambient Air Quality Standards except for a small area in Ionia County (less than 1 square mile in Belding).
