MICHIGAN RECYCLED MATERIALS MARKET DIRECTORY DISCLAIMER -

The following list of recycling collectors, brokers and processors was compiled by the Environmental Science and Services Division (ESSD) of the DEQ to provide information about potential markets for Michigan generated recyclable waste materials based on responses from the companies to a number of questions about their operations. The quality of service provided by each company is not known or implied by this listing. The ESSD does not recommend or endorse the services or products of any particular company listed herein, does not inspect these facilities, and does not represent that the companies are, or are not, in compliance with applicable federal and state environmental laws. As a generator of waste, you are ultimately responsible for its disposition. Use good judgment when contracting with any entity contained on this list.
