

An Informative Three-day Seminar:

# MIOSHA General Industry 10-Hour + (Fundamentals of Safety and Health)

## 1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MIOSHA Training Institute introduced a new certification program, effective October 1, 2007. This course is an MTI Level 1 course. The certification program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses will be offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certification program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## 3 What You'll Learn . . .

Many employers are faced with the need to appoint an employee to oversee their program who may not be fully prepared for the challenge. This course offers the basics of creating a safety and health management system as well as providing an introduction to the MIOSHA Act and standards. Topics include inspections and citations, elements of a comprehensive safety and health system, recordkeeping, accident investigations, written programs, introduction to industrial hygiene, respiratory protection, hearing conservation, bloodborne infectious disease (BID), eye wash requirements, hazard recognition, machine guarding, and ergonomics. Students will receive a MIOSHA GI 10 Hour + card upon successful completion of the class.

Required Class for  
General Industry  
Level One  
MTI Certification

# Facilitator

Micshall Patrick is currently an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. She has been with the Division for more than 24 years and currently provides consultation and training services for Kalamazoo, Kent, and Barry counties. During Micshall's tenure with CET, she has developed various safety training programs within the agency, including recordkeeping and powered industrial truck train-the-trainer.

Before working for the State of Michigan, Micshall was a personnel specialist with Kalamazoo County performing personnel functions and administering the county's workers' compensation program. She also chaired the County Safety Committee, which developed accident prevention programs for county employees. Micshall is a graduate of Kalamazoo College with a Bachelor's degree in Political Science.
