Historic Preservation Certification Application
Instructions

Michigan State Historic Preservation Office

PLEASE NOTE

To reflect amendments to Section 435 of the Michigan Business Tax Act (MCL 208.1435) and Section 266 of Income Tax Act of 1967 (MCL 206.266) the State Historic Preservation Certification Application and instructions have been REVISED. Applications submitted after January 1, 2009, are subject to the requirements of the new laws and MUST make use of the new forms and instructions. The review of applications submitted using the old forms or that fail to include the required review fees may be delayed.

ALL projects seeking State tax credits must submit the first two pages of each application Part (Part 1, 2 and 3). Requests for consideration of State credits WILL NOT be processed in the absence of these pages and/or the prescribed review fees. Applicants who submit incomplete applications will receive written notecase of the deficiencies and the review of their application will be terminated. The review time period will begin anew once all necessary materials are received.

This Page Intentionally Left Blank
1. **BASIC PROGRAM ELIGIBILITY**

Before beginning to complete any of the required forms it is important to verify that your property itself is eligible to participate in the State tax credit programs. For a property to be eligible it must meet one of the following criteria. The resource is:

A. a contributing resource in a local historic district established pursuant to PA 169 of 1970 as amended or

B. listed individually, or is a contributing resource in a historic district, listed in the State Register of Historic Sites or the National Register of Historic Places and is in a unit of government with a population of less than 5,000 people, or

C. listed individually, or is a contributing resource in a historic district listed in the State Register of Historic Sites or the National Register of Historic Places and is located in a summer resort and assembly association established pursuant to PA 39 of 1889, or

D. listed individually, or is a contributing resource in a historic district listed in the State Register of Historic Sites or the National Register of Historic Places and is subject to an historic preservation easement that has been approved by the State Historic Preservation Office.

Second identify what type of State tax credit you will be applying for.

E. **State-Only Credits** – May be available for rehabilitation of
   - i. Personal residential properties
   - ii. Personal residential condos
   - iii. Depreciable end use properties that do not qualify to participate in the Federal tax credits

F. **Combined State and Federal Credits** – May be available for rehabilitation of
   - i. Depreciable end use properties

2. **HOW TO APPLY**

Because the state tax credit certification application forms are designed to collect the information necessary to review a wide variety of projects, it is important that you complete only those forms necessary for the specific type of credit you are seeking. Please review the following list carefully to ensure that all necessary forms, photos, supporting documentation and fees are included with your application. Failure to submit a complete application will delay the review of your project. Checks for State application review fees should be made payable to the **State of Michigan**.
State-Only Credit Applications

Projects seeking the full 25% State-only credit must provide the following information using the appropriate State form:

PART 1
☐ One (1) complete State Part 1 application including pages one (1) through three (3) and the signature of at least one (1) owner,
☐ One (1) completed Declaration of Location form for those properties located in a locally designated historic district,
☐ One (1) map showing the location of the property and the boundaries of the historic district where applicable,
☐ One (1) set of color photos, (See Appendix A for details)
☐ The $25.00 Part 1 State review fee

PART 2
☐ One (1) complete State Part 2 application including pages one (1) through four (4) and the signature of at least one (1) owner,
☐ One (1) completed Verification of State Equalized Value form
☐ One (1) set of color photos, (See Appendix A for details)
☐ The Part 2 review fee outlined in the tables on page 10

PART 3
☐ One (1) completed State Part 3 application including pages one (1) and two (2) including the signature and federal tax identification number of all individuals that will be making use of the credits.
☐ One (1) set of color photos, (See Appendix A for details)
☐ The Part 3 review fee outlined in the tables on page 18

Combined State and Federal Credit Applications

There are three specific and separate kinds of combined application options. While the basic information required for each application type is similar it is not identical. Please review the required information list carefully to ensure that all required information is provided. Applications for Enhanced or Special Consideration credits will not be considered for review until they are complete.

Please Note: All necessary federal forms are available online at www.nps.gov/hps/tps/tax/hpcappl.htm

BASIC COMBINED CREDITS - 20% Federal credit + 5% State credit

PART 1
☐ Two (2) complete Federal Part 1 application forms including original signature
☐ Two (2) sets of color photos, (See Appendix A for details)
☐ Two (2) maps showing the location of the property and the boundaries of the historic district where applicable
☐ One (1) State Part 1 application including pages one (1) and two (2) and the signature of at least one (1) owner,
☐ One (1) completed Declaration of Location form for those properties located in a locally designated historic district,
☐ The $25.00 State Part 1 review fee
PART 2
☐ Two (2) complete Federal Part 2 application forms including original signature
☐ Two (2) sets of color photos, (See Appendix A for details)
☐ Two (2) sets of supporting plans and specifications
☐ One (1) Federal credit card fee payment form (optional)
☐ One (1) State Part 2 application including pages one (1) and two (2) and the signature of at least one (1) owner,
☐ One (1) completed Verification of State Equalized Value form
☐ The State Part 2 review fee outlined in the tables on page 10

PART 3
☐ Two (2) complete Federal Part 3 application forms including original signature
☐ Two (2) sets of color photos, (See Appendix A for details)
☐ One (1) Federal credit card fee payment form (optional)
☐ One (1) completed State Part 3 application including pages one (1) and two (2) including the signature and tax identification number of all individuals that will be making use of the credits.
☐ The State Part 3 review fee outlined in the tables on page 18

ENHANCED CREDITS - 20% Federal credits + 5% State credits + up to an additional 15%

Please Note: Enhanced credits are subject to annual caps as outlined in MCL 208.1535.435.19 and will be awarded on a first come first served basis, based on the date that all necessary application information and fees are received.

PART 1
☐ Three (3) complete Federal Part 1 application forms including original signature
☐ Three (3) sets of color photos, (See Appendix A for details)
☐ Three (3) maps showing the location of the property and the boundaries of the historic district where applicable
☐ Two (2) State Part 1 applications including pages one (1) and two (2) and the signature of at least one (1) owner,
☐ Two (2) completed Declaration of Location forms for those properties located in a locally designated historic district,
☐ The $25.00 State Part 1 review fee

PART 2
☐ Three (3) complete Federal Part 2 application forms including original signature
☐ Three (3) sets of color photos, (See Appendix A for details)
☐ Three (3) sets of supporting plans and specifications
☐ One (1) Federal credit card fee payment form (optional)
☐ Two (2) State Part 2 applications including pages one (1) and two (2) and the signature of at least one (1) owner,
☐ Two (2) completed Verification of State Equalized Value forms
☐ Two (2) completed Supplemental Information forms including pages Part 2S-1 through Part 2S-6
☐ The State Part 2 review fee outlined in the tables on page 10

PART 3
☐ Two (2) complete Federal Part 3 application forms including original signature
☐ Two (2) sets of color photos, (See Appendix A for details)
☐ One (1) Federal credit card fee payment form (optional)
☐ One (1) completed State Part 3 application including pages one (1) and two (2) including the signature and tax identification number of all individuals that will be making use of the credits.
☐ The State Part 3 review fee outlined in the table on page 18
HISTORIC PRESERVATION CERTIFICATION APPLICATION
INSTRUCTIONS
Michigan State Historic Preservation Office

SPECIAL CONSIDERATION CREDITS - 20% Federal credits + 5% State credits + up to an additional 15%

Please Note: Special Consideration credits are limited to one (1) award in tax year 2009 and two (2) awards in each tax year thereafter. These credits will be awarded on a competitive basis. Complete application packages must be received no later than 3:00 pm on the first Monday of March.

PART 1
☐ Three (3) complete Federal Part 1 application forms including original signature
☐ Three (3) sets of color photos, (See Appendix A for details)
☐ Three (3) maps showing the location of the property and the boundaries of the historic district where applicable
☐ Two (2) State Part 1 applications including pages one (1) and two (2) and the signature of at least one (1) owner,
☐ Two (2) completed Declaration of Location forms for those properties located in a locally designated historic district,
☐ The $1,000.00 State Part 1 review fee

PART 2
☐ Three (3) complete Federal Part 2 application forms including original signature
☐ Three (3) sets of color photos, (See Appendix A for details)
☐ Three (3) sets of supporting plans and specifications
☐ One (1) Federal credit card fee payment form (optional)
☐ Two (2) State Part 2 applications including pages one (1) and two (2) and the signature of at least one (1) owner,
☐ Two (2) completed Verification of State Equalized Value forms
☐ Two (2) completed Supplemental Information forms including pages Part 2S-1 through Part 2S-6
☐ Two (2) project operating pro forma
☐ The State Part 2 review fee outlined in the tables on page 10

PART 3
☐ Two (2) complete Federal Part 3 application forms including original signature
☐ Two (2) set of color photos, (See Appendix A for details)
☐ One (1) Federal credit card fee payment form (optional)
☐ One (1) completed State Part 3 application including pages one (1) and two (2) including the signature and tax identification number of all individuals that will be making use of the credits.
☐ The State Part 3 review fee outlined in the tables on page 18

---

PART 1 – EVALUATION OF ELIGIBILITY

Part 1 of the HISTORIC PRESERVATION CERTIFICATION APPLICATION is used to confirm that the resource is a certified historic resource.

The documentation in Part 1 of the application must be sufficient to determine the historic character of the resource.

1. RESOURCE INFORMATION

Provide the historic name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, i.e. Michigan Manufacturing Company, or is called by a historic name in the documentation, use that
name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration. If the resource is located within a historic district – local, state, or national – provide the name of the district. Identify the local unit of government. The population of the local unit of government and the source of this information must be provided. The Internet is a source of information for current population statistics. Please see www.census.gov. Population statistics can also be obtained from the local unit of government.

2. CERTIFICATION INFORMATION

Use this section to indicate under what criteria the resource is eligible to participate in the program. If the resource is located in a local historic district, this must be verified and the DECLARATION OF LOCATION form must be completed. The information needed to complete the form and the certification of this information can be obtained from the local historic district commission.

Indicate which state historic tax credit is being sought. Select only one credit type. Applications indicating more than one type of credit will be returned to the applicant for correction. The date that the corrected application is received will be considered the date of receipt and will determine the application’s place in line for competitive credit review.

3. OWNER OF RESOURCE

Provide the name of the resource owner(s). If the owner is a business entity, provide the name of the organization. Give the owner’s Social Security Number or Tax Identification Number. At least one owner must sign the application. Unsigned applications will not be reviewed.

4. OWNER ADDRESS (if different than resource address)

Provide the complete address; daytime telephone number; and email address, if applicable, of the owner if it is different than the resource address.

5. PROJECT CONTACT (if different than owner)

Provide the name, complete address; daytime telephone number; and email address, if applicable, of the person to whom inquiries regarding specifics of the application should be made.

6. PROCESSING FEE

An applicant who submits a Part 1 application must pay a $25 processing fee. This fee is nonrefundable. Checks or money orders must be made payable to the State of Michigan. Cash will not be accepted. No decisions will be issued by the SHPO until receipt of appropriate remittance.

7. DESCRIPTION OF PHYSICAL APPEARANCE

Provide information about the major interior and exterior features of the resource.

When completing the Description of Physical Appearance, it may be useful to consult and utilize any existing written material including local historic district study committee reports, or state or national register nomination.
Describe the resource in its present condition, and not as it was when it was first constructed, or how it will be after rehabilitation work is completed. Do not indicate the architectural style of the resource. Features to be described include, but are not limited to: exterior construction materials; type of roof; number of stories; basic floor plan; and distinguishing architectural features. Fully describe any changes that have been made to the resource since its original construction. Changes would include additions, porch enclosures, new storefronts, relocation of doors or windows, alterations to the interior, etc. Discuss how the subject resource relates to others in the historic district in terms of setting, scale, materials, type of construction, and date. If there are other resources on the property, these resources must also be fully described. Use a continuation sheet if necessary.

EXAMPLE
DESCRIPTION OF PHYSICAL APPEARANCE

This three-story, flat-roofed, unpainted brick commercial building, rectangular in shape, was constructed in 1850. It is similar in height and materials used in the surrounding buildings in this block of Main Street. It features regularly-spaced arched windows on the second and third floors. These windows are 2-over-2, double-hung sash. Six window openings on the east elevation have been filled in, the exact date is unknown. There is a prominent bracketed cornice. The first floor of the façade has been altered. The existing storefront dates from c.1950. On the interior, the first floor is divided into two principle spaces – a large commercial space in front and a smaller office behind. The front room was modernized c. 1960 and contains no surviving historic features except for a simple wooden staircase running along the party wall. A pressed metal ceiling is the most prominent feature in the rear office. Baseboards, paneled doors, and window and door surrounds also survive in this room. The upper floors have two rooms each, identical in configuration to the first floor. These rooms retain their original appearance, although they contain no architectural detailing of any kind.

Provide the date of construction of the resource, if available, or indicate the approximate date. Give the source of the date. The source may be a map, a study committee report, a register nomination, a building permit, or other official document. It is recommended that the title deed to the property not be used as a source. State the dates of alterations and/or additions to the resource, if available, or indicate the approximate dates.

Check whether the resource has been moved from its original location. If the resource has been moved, state the date, if available, or indicate the approximate date. Identify uses of the resource prior to rehabilitation.

8. STATEMENT OF SIGNIFICANCE

Summarize how the resource contributes to the significance of the historic district – local, state, or national. Use a continuation sheet if necessary. If the resource is listed individually in the State Register of Historic Sites or the National Register of Historic Places, this section need not be completed.

When completing the Statement of Significance, it may be useful to consult and utilize any existing written material including local historic district study committee reports, or state or national register nominations. In addition, the Statement of Significance should be written based on information that is readily available. Primary research is not required when completing this statement.
HISTORIC PRESERVATION CERTIFICATION APPLICATION
INSTRUCTIONS
Michigan State Historic Preservation Office

The summary should relate to the significance of the district, including the district’s period of significance as identified in the local historic district committee study report or the state or national register nomination. In the statement, note the former uses of the resource, important figures from the past associated with the resource, and the names of the architects or builders, if known. Hearsay or “common knowledge” is not acceptable to establish significance. Use a continuation sheet if necessary.

EXAMPLE
STATEMENT OF SIGNIFICANCE

The Main Street Historic District is an intact grouping of architecturally significant commercial and industrial buildings constructed between 1850 and 1915 that display a variety of styles and types of architectural ornamentation popular during this era. The district is also significant as an early manufacturing and distribution center which led to the city’s growth as one of the largest cities in the state. Industrial growth in the late nineteenth and early twentieth centuries required the construction of larger buildings and several still exist within the boundaries of the district. This modest three story building is typical in appearance and history of the majority of the buildings in the district. It was originally built for manufacturing buttons, but was converted into a store with offices above during the 1880’s when wholesaling grew as an important new activity in the district. The building is similar to its neighbors in size, scale, materials, and style.

When completed, Part 1 – Evaluation of Eligibility, must be submitted to the SHPO for review and certification.

Please submit one complete application with original signatures. Supporting materials must be included with the application.

Applicants may choose to submit Parts 1 and 2 together. However, if uncertain of the eligibility of the historic resource, applicants may choose to submit each part of the Historic Preservation Certification Application separately and wait for a response from the SHPO. The SHPO has up to 45 calendar days to complete the review of the application. Prior to beginning any rehabilitation work, Parts 1 and 2 of the application should be submitted to and approved by the SHPO.

9. PHOTOGRAPHS

All applications must be supported by adequate documentation. Photographs supplement, and to some extent may substitute for, some of the description of physical appearance (see #6). Provide good, clear photographs of the resource and its surroundings as they appear before rehabilitation.

The photographs should show all elevations of the resource, views of the resource in its setting, and representative exterior and interior features, spaces, and details.

Photographs should be labeled with the following information: 1) the resource name; 2) the view, i.e. east elevation; 3) a brief description of what is pictured; 4) the date when the photograph was taken; and 5) a number assigned by the applicant. All photographs must be keyed to a floor plan of the resource. The photographs must be color prints. Photocopier images of photographs are not acceptable. Photographs will not be returned.

(See Appendix A for additional details)
10. **MAPS**

If a resource is located in a historic district – local, state, or national – a map of the historic district, clearly identifying the property on which the resource is located, must be submitted. *For resources located in a local historic district, maps can be obtained from the local historic district commission. Maps for the state register and national register historic districts may be available from the local historic district commission.*

**WHERE TO SEND COMPLETED APPLICATIONS**

State Historic Preservation Office, Michigan Historical Center, Michigan Department of History, Arts and Libraries
Receipt Processing
702 West Kalamazoo Street, PO Box 30737, Lansing, MI 48909-8237

---

**DECLARATION OF LOCATION**

All applicants attempting to qualify for State tax credits based on a property’s contribution to a locally designated historic district must submit a completed Declaration of Location form. Because the creation and monitoring of locally designated districts is the sole right and responsibility of the local unit, the SHPO may not have the most up-to-date local designation information. This form allows the owner/applicant and the local unit the opportunity to verify the limits of the district and promotes contact between the resource owner considering undertaking work and the agent of the local unit charged with monitoring aspects of that work.

1. **RESOURCE INFORMATION**

Provide the historic name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, i.e. Michigan Manufacturing Company, or is called by a historic name in the documentation, use that name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration.

2. **OWNER OF RESOURCE**

Provide the name of the resource owner(s). If the owner is a business entity, provide the name of the organization. Give the owner’s Social Security Number or Tax Identification Number. At least one owner must sign the application. Unsigned applications will not be reviewed.

3. **DECLARATION**

An official representative of your local unit of government must complete this section. The official representative can be a city staff person or a member of the historic district commission. By signing this Declaration, the official representative is verifying that the resource is a contributing resource in a local historic district. Provide the name of the local historic district and the year it was created. Include the name/title of the official representative and the address of the local unit of government. Provide an original signature and date.
PART 2 – DESCRIPTION OF REHABILITATION

Part 2 of the HISTORIC PRESERVATION CERTIFICATION APPLICATION must be completed and reviewed to determine if the proposed rehabilitation plans are consistent with the historic character of the resource and, where applicable, the historic district in which the resource is located, thus qualifying as a certified rehabilitation.

All projects are reviewed and evaluated for conformance with the SECRETARY OF THE INTERIOR’S STANDARDS FOR REHABILITATION. These standards are broadly worded to guide the rehabilitation of all historic resources. The underlying concern expressed in the standards is the preservation of significant historic materials and features of a resource in the process of rehabilitation. The standards apply with equal force to both interior and exterior work, and the SHPO reviews the entire rehabilitation project rather than a single aspect of the undertaking. Certification of Part 2 is based on the entire project conforming to the STANDARDS FOR REHABILITATION.

Proposed work that appears to be inconsistent with the STANDARDS FOR REHABILITATION will be identified by the SHPO, and advice will be given to assist applicants, architects, or builders on how to bring the project into compliance with the standards.

The National Park Service (NPS) publishes detailed information on preservation topics including the SECRETARY OF THE INTERIOR’S GUIDELINES FOR REHABILITATING HISTORIC BUILDINGS and PRESERVATION BRIEFS, a series that details appropriate preservation techniques. These materials can be obtained from the NPS or the SHPO.

1. RESOURCE INFORMATION

Provide the name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, use that name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration. The information in Part 2 should be consistent with the information provided in Part 1.

2. OWNER OF RESOURCE

Provide the name of the resource owner(s). If the owner is a business entity, provide the name of the organization. Give the owner’s Social Security Number or Tax Identification Number. At least one owner must sign the application. Unsigned applications will not be reviewed.

The information provided in Part 2 should be consistent with the information provided in Part 1. If the applicant is a long-term lessee as defined by section 266 of the Income Tax Act of 1967 (MCL 206.266) and section 435 of the Michigan Business Tax Act (MCL 208.1435), the lessee must complete the application as the owner of the resource.
3. **DATA ON REHABILITATION PROJECT**

Provide the proposed use of the resource after rehabilitation. The estimated cost of the rehabilitation must be stated. *Rehabilitation costs are costs associated with work undertaken on the historic resource. These costs do not include acquisition, furnishings, new additions that expand the existing resource, or construction of new facilities related to the resource.*

4. **PROCESSING FEE**

An applicant who submits a Part 2 application must pay a processing fee as outlined in the tables below. This fee is nonrefundable. Checks or money orders must be made payable to the *State of Michigan*. Cash will not be accepted. No decisions will be issued by the SHPO until the receipt of appropriate remittance.

5. **OWNER ADDRESS (if different than resource address)**

Provide the complete address, daytime telephone number, and email address, if applicable, of the owner if it is different than the resource address.
6. **PROJECT CONTACT (if different than owner)**

Provide the name, complete address, daytime telephone number, and email address, if applicable, of the person to whom inquiries regarding specifics of the application and the project should be made. *The information provided in Part 2 should be consistent with the information provided in Part 1.*

7. **DETAILED DESCRIPTION OF REHABILITATION WORK**

This section is intended to provide a description of the proposed project work. *The entire project must be described.*

In the boxes, provide a description of each work item. A pair of boxes should be used to describe each feature and the effect the rehabilitation will have on that feature. Begin by describing site work, followed by work on the exterior, and finally work on the interior. Photocopy additional sheets if necessary.

In the upper box, number the work item. Identify the architectural feature requiring work. Indicate whether the feature described is original to the resource or was added at a later date by providing the date, if available, or the approximate date of the feature. Provide the photograph and/or drawing numbers that show the feature described. Describe the feature and its *current* physical condition. Use a continuation sheet if necessary.

In the lower box, explain, in detail, the rehabilitation work to be undertaken. Describe the impact - visual, structural, etc. - that the proposed work will have on the existing feature. Indicate the photographs, drawings, or specification pages that represent the rehabilitation work and its impact on the existing feature. Use a continuation sheet if necessary.

**EXAMPLE of Detailed Description of Rehabilitation Work.**

<td></td>
</tr>
</tbody>
</table>

**Describe the feature and its current condition:**

The masonry is hard-pressed red brick with joints in good condition. The mortar is mostly sound, but deteriorated and missing around the downspout at the east end of the façade. There is some graffiti at the first floor level.

- Check here if using a continuation sheet

**Describe the work and the impact on the feature:**

The deteriorated joints will be selectively hand-cleaned and repointed. The mortar will match the existing mortar in terms of composition and joint width and profile. See specifications 33-35. The graffiti will be removed using a chemical cleaning agent. See specifications 30-31.

- Check here if using a continuation sheet
8. **PHOTOGRAPHS**

A sufficient number of good, clear photographs must be submitted with the Part 2 application to document the existing condition of the resource and its features. The photographs should document the site and the environment, the exterior and the interior conditions of the areas of proposed rehabilitation prior to any rehabilitation work. *Photographs of the conditions prior to rehabilitation must be submitted even if the rehabilitation work has been completed. Such documentation is necessary for the SHPO to evaluate the effect of the rehabilitation on the historic resource. When such documentation is not provided, review and evaluation cannot be completed, resulting in postponement or denial of the requested certification.*

All photographs must show the architectural features clearly. Photographs should be labeled with the following information: 1) the resource name; 2) the view, i.e. east elevation; 3) a brief description of what is pictured; 4) the date when the photograph was taken; and 5) a number assigned by the applicant. All photographs must be keyed to the description of rehabilitation work (see #6) and keyed to a floor plan. These plans must be included with the application.

Photographs must be color prints. *Photocopy images of photographs are not acceptable.* Photographs will not be returned.

*It is suggested that a duplicate set of photographs be retained by applicants to assist in completing the Part 3 application.*

(See Appendix A for additional details)

9. **DRAWINGS & SPECIFICATIONS**

Drawings for proposed rehabilitation work are required to show planned alterations or new construction. The drawings must be detailed to illustrate existing configurations and anticipated changes. Documentation should be labeled with the following information: 1) the resource name; 2) a brief description of what is pictured; and 3) a number assigned by the applicant. All drawings must be keyed to the description of rehabilitation work (see #6).

Specifications indicate the techniques, methods, and materials to be used in the rehabilitation work. Specifications may include both performance and/or vendor stipulations. Manufacturer’s publications and catalog pages may be included in support of the application. Only information on the product specifically intended for use in the rehabilitation work should be included. Documentation should be labeled with the following information: 1) the resource name; and 2) a number assigned by the applicant. All specifications must be keyed to the description of rehabilitation work (see #6).

When completed, PART 2 – DESCRIPTION OF REHABILITATION, must be submitted to the SHPO for review and certification.

Submit one complete application with original signatures and supporting materials.

Applicants may choose to submit Parts 1 and 2 together. However, if uncertain of the eligibility of the historic resource, applicants may choose to submit each part of the HISTORIC PRESERVATION CERTIFICATION APPLICATION separately and wait for a response from the SHPO before submitting the next part. This will minimize the risk encountered by the applicant.
Prior to beginning any rehabilitation work, Parts 1 and 2 of the application should be submitted to and approved by the SHPO. The SHPO has up to 45 calendar days to complete the review of the application.

**VERIFICATION OF THE STATE EQUALIZED VALUE (SEV)**

The SEV is a number determined by the local assessor, which is equal to approximately 50 percent of the fair market value of the property. The VERIFICATION OF THE STATE EQUALIZED VALUE form must be completed and submitted with the application. *Verification of the SEV must be obtained from the local assessor’s office.* An appraised value should be submitted only in instances where part of a resource is being rehabilitated, i.e. half of a duplex. Appraisals will only be accepted from State of Michigan certified or licensed appraisers.

1. **RESOURCE INFORMATION**

Provide the historic name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, i.e. Michigan Manufacturing Company, or is called by a historic name in the documentation, use that name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration. *The information in the Verification of SEV should be consistent with the information provided in Parts 1 and 2.*

2. **OWNER OF RESOURCE**

Provide the name of the resource owner(s). If the owner is a business entity, provide the name of the organization. Give the owner’s Social Security Number or Tax Identification Number. At least one owner must sign the application. Unsigned applications will not be reviewed. *The information in the Verification of SEV should be consistent with the information provided in Parts 1 and 2.*

3. **VERIFICATION**

An official representative of the local unit of government must complete this section. Provide the State Equalized Value (SEV) of the property and the year the SEV was established. This SEV should be the most current one available at the time the application is submitted. Also provide the name and title of the official representative and the address of the local unit of government. Finally, include an original signature and date from the official representative.
PART 2 S – SUPPLEMENTAL INFORMATION

Only applicants seeking either Enhanced or Special Consideration credits must complete this portion of the Part 2 application. The material in this section in combination with the information contained in the Federal Tax Credit application will be the basis upon which projects are compared and evaluated. The information requested in this portion of the application is designed to help the SHPO better understand the social, community, and economic impacts and limitations associated with the project. The requested information is baseline data for all projects and must be provided on the forms provided. If you believe that the forms do not afford adequate opportunity to highlight the unique opportunities and challenges your project represents, additional materials may be attached. Please provide a continuation sheet indicating the name and nature of all attachments.

Please keep in mind that this information is being collected to allow for the competitive review and ranking of a wide range of property and project types. This is the only place where extraordinary conditions, circumstances and difficulties can be documented and considered.

1. RESOURCE INFORMATION

Provide the historic name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, i.e. Michigan Manufacturing Company, or is called by a historic name in the documentation, use that name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration.

2. DEVELOPMENT TEAM INFORMATION

Please provide the firm name and contact for the team members outlined in this section. If you are not making uses of one or more of the consultants listed please place N/A in the firm field name.

If you are making use of other specialty consultants or team members please indicate the name of the firm, the individual contact name, address and contact information and the amount of preservation related project experience the individual has and an explanation of why this discipline is essential to the development team.

3. DEVELOPMENT INFORMATION

This section contains basic end use data, jobs generation information and political district information. There items are required as part of the review and reporting requirements of the legislation. Please complete all relevant fields. Mark fields that do not apply as N/A.
4. **FINANCIAL INFORMATION**

This table must be completed as presented in the application. Be sure to include documentation of the commitment of all sources of funding. An operational plan, annual budget, pro forma, etc. may be submitted as attachments. The goal of this section is to clearly and completely document the financial viability of the project during construction and during the five-year (5) recapture period.

5. **COMMUNITY SIGNIFICANCE AND SUPPORT**

This is your opportunity to reinforce the significance of the resource and the development project. Please outline what makes this property, the project, and/or community unique and more difficult to develop. What community resources are being brought-to-bear on the project? How does the development fit with the community’s master plan and future vision? Have the necessary local approvals been granted? Assertions of significance and support must be accompanied by second party documentation. Letters of verification must be included.

6. **ANTICIPATED SECONDARY IMPACTS**

Will this project act as a catalyst for additional development in the community, county or state? How does the development promote job creation, worker retraining opportunities and expansion of the energy economy in Michigan? Is the project being undertaken in association with another State priority program focused on community and/or cultural development? Please include explanation of models, examples, research documentation, etc., in support of your assertion of secondary impacts.

7. **ADDITIONAL SPECIAL FACTORS**

Because it is impossible to anticipate the unique characteristics, factors and opportunities associated with every project, this space is intended to accommodate the documentation of unique and unusual aspects of the project not fully or adequately described elsewhere. Keep explanations concise but complete.

These materials must be submitted with the Part 2 application for all projects seeking the Enhanced or Special Consideration credits. Failure to include these pages will result in the delay of such requests until said pages are received. Projects will not be placed in line for review until complete.

---

**WHERE TO SEND COMPLETED APPLICATIONS**

State Historic Preservation Office, Michigan Historical Center, Michigan Department of History, Arts and Libraries  
Receipt Processing  
702 West Kalamazoo Street, PO Box 30737, Lansing, MI 48909-8237
AMENDMENT SHEET

If changes are made to a project at any time after the submission of the initial application, an amendment sheet should be submitted to the SHPO. In the space provided, detail the changes in the project work, indicating the original proposed treatment and the amended work item description. Use a continuation sheet if necessary. All owners must sign and date the amendment sheet. Any additional photographs needed to document the work must also be submitted.

1. RESOURCE INFORMATION

Provide the historic name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, i.e. Michigan Manufacturing Company, or is called by a historic name in the documentation, use that name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration. The information provided in Amendment Sheet should be consistent with the information provided in Part 1 and 2.

2. OWNER OF RESOURCE

Provide the name of the resource owner(s). If the owner is a business entity, provide the name of the organization. Give the owner’s Social Security Number or Tax Identification Number. At least one owner must sign the application. Unsigned applications will not be reviewed.

3. OWNER ADDRESS (if different than resource address)

Provide the complete address, daytime telephone number, and email address, if applicable, of the owner if it is different than the resource address.

4. PROJECT CONTACT (if different than owner)

Provide the name, complete address, daytime telephone number, and email address, if applicable, or the person to whom inquiries regarding specifics of the application and the project should be made. The information provided in Amendment Sheet should be consistent with the information provided in Part 1 and 2.

5. DESCRIPTION OF CHANGES

Provide a description of how the proposed work will change. If work items are being deleted from the original application, provide the item number, description, and reason for the change. If work items are being added, include all of the information required in item 7 of the Part 2 application, Detailed Description of Rehabilitation Work.

WHERE TO SEND COMPLETED APPLICATIONS

State Historic Preservation Office, Michigan Historical Center, Michigan Department of History, Arts and Libraries Receipt Processing 702 West Kalamazoo Street, PO Box 30737, Lansing, MI 48909-8237
PART 3 – CERTIFICATION OF COMPLETED WORK

A project does not become a certified rehabilitation, eligible for tax credits, until it is complete and certified by the SHPO. Upon completion of the rehabilitation project, applicants must submit PART 3 of the HISTORIC PRESERVATION CERTIFICATION APPLICATION.

The completed project may be inspected by an authorized representative of the SHPO to determine if the work conforms to the Secretary of The Interior’s Standards for Rehabilitation. The SHPO will review the entire rehabilitation project, both interior and exterior work, rather than a single aspect of the undertaking. Certification of Part 3 is based on the entire project conforming to the Standards for Rehabilitation.

1. RESOURCE INFORMATION

Provide the historic name of the resource. If the resource is listed in the state or national register, use the resource name that is indicated on the register nomination form. When a resource is known by a historic name, i.e. Michigan Manufacturing Company, or is called by a historic name in the documentation, use that name. If the historic name of the resource is not known, leave this line blank or enter the address of the resource. Provide the complete address for the resource under consideration. The information in Part 3 should be consistent with the information provided in Parts 1 and 2.

2. OWNER OF RESOURCE

Provide the name of the resource owner. If the owner is a business entity, provide the name of the organization. Give the owner’s Social Security Number or Tax Identification Number. If there is more than one owner who will be claiming the credits, their names, addresses, and Social Security Numbers or Tax Identification Numbers must be listed on a continuation sheet. All individuals claiming the credits must sign and date the application. The information in Part 3 must be complete. Any owners not included on the Part 3 application may not be able to claim the credits. Unsigned applications will not be reviewed.

By signature, the resource owners certify that, in their opinion, the completed rehabilitation meets the Secretary of The Interior’s Standards for Rehabilitation and is consistent with the work described in Part 2 of the HISTORIC PRESERVATION CERTIFICATION APPLICATION.

3. DATA ON REHABILITATION PROJECT

Give the date on which the rehabilitation work began and when the rehabilitation work was completed. Provide the final costs attributed solely to the rehabilitation of the resource. Qualified rehabilitation expenditures are costs associated with rehabilitation work undertaken on the resource itself and can include professional service fees such as architectural and engineering fees, site survey fees, legal expenses, and development fees. Provide the final costs attributed solely to new construction. These costs include new additions that expand the existing resource, construction of new facilities related to the resource, and site improvements.
4. PROCESSING FEE

An applicant who submits a Part 3 application must pay a processing fee as outlined in the tables below. This fee is nonrefundable. Checks or money orders must be made payable to the State of Michigan. Cash will not be accepted. No decisions will be issued by the SHPO until the receipt of appropriate remittance.

The fee for the review of the Part 3 application is based on the dollar amount of the qualified rehabilitation expenditures. Refer to the dollar amount indicated in #3, Qualified Expenses attributed solely to rehabilitation of the resource, and determine the review fee using the schedule below.

5. OWNER ADDRESS (if different than resource address)

Provide the complete address, daytime telephone number, and email address, if applicable, of the owner if it is different than the resource address. The information in Part 3 should be consistent with the information provided in Parts 1 and 2.
6. **PROJECT CONTACT (if different than owner)**

Provide the name, complete address, daytime telephone number, and email address, if applicable, of the person to whom inquiries regarding specifics of the application and the project should be made. *The information provided in Part 3 should be consistent with the information provided in Parts 1 and 2.*

7. **PHOTOGRAPHS**

Photographs of completed work must be submitted with the Part 3 application. The purpose of these photographs is to demonstrate that the rehabilitation work has been carried out as stated in the Part 2 application, which would qualify as a certified rehabilitation.

Good, clear photographs must be submitted with the Part 3 application. The photographs must document the site and the environment, and the exterior and the interior conditions of the areas of completed rehabilitation. These photographs should be taken from the same vantage points as the photographs in Part 2 to provide an accurate comparison.

All photographs must show the architectural features clearly. Photographs should be labeled with the following information: 1) the resource name; 2) the view, i.e. east elevation; 3) a brief description of what is pictured; 4) the date when the photograph was taken; and 5) a number assigned by the applicant. All photographs must be keyed to a floor plan and/or a site plan. These plans must be included with the application. Photographs must be color prints. *Photocopier images of photographs are not acceptable.* Photographs will not be returned.

(See Appendix A for additional details)

8. **ADDITIONAL INFORMATION**

When completed, **PART 3 - CERTIFICATION OF COMPLETED WORK**, must be submitted to the SHPO for review and certification.

Please submit one complete application with original signatures. Supporting materials must be included with the application.

A project does not become a certified rehabilitation, eligible for State of Michigan tax credits until it is completed and certified by the SHPO. The tax credit cannot be claimed until this action has been taken. Approved tax credits are available beginning in the year the Part 3 application is certified. The SHPO will notify both the applicant and the Michigan Department of Treasury of this certification.

**WHERE TO SEND COMPLETED APPLICATIONS**

Michigan Department of History, Arts and Libraries  
Receipt Processing  
702 West Kalamazoo Street, PO Box 30737, Lansing, MI 48909-8237
APPENDIX A – PHOTO SPECIFICATIONS

Do’s

1. Photos must be of sufficient quality and quantity to clearly illustrate the condition and details of the building. (Remember, the photos take the place of the site inspection. Everything the reviewers need to know must be clearly visible in the photos.)
2. Photos must be color and prints are preferable.
3. Photos must be keyed to a site plan and/or floor plans and indicate the direction of view. (It is especially helpful if the before and after photos are taken from roughly the same locations.)
4. Photos must be individually labeled on the reverse side with the information included in the illustration below. This information should be typed or printed on labels and then affixed to the photos. (Printed Avery labels #5160 or #5163 typically work well.)
5. One set of photos must be analogue quality and each image printed on glossy photographic quality 4”x6” or larger paper.
6. The second set of photos may be submitted in digital format on a labeled, read-only CD, image size 4”x6”, resolution 300dpi or printed as described above.
7. If three sets of photos are required, submit two (2) set of prints and one (1) CD as described above.
8. Place each set of printed photos in a labeled 6 ½”x9 ½” manila envelope.
9. Part 1 and Part 2 may make use of the same photos if both applications are submitted at the same time.
10. Part 3 photos must be submitted with the Part 3 application form.

Don’ts

1. Do not mount or place in photo album pages/sleeves.
2. Do not write on photos (especially on the front).
3. Do not print digital photos on regular bond paper.
4. Do not submit digital photos at less than 4”x6” or less than 300 dpi.
5. Do not submit slides or video.
6. Do not repeat photo numbers within or between application parts. (e.g. there should only be one photo # 1)

APPENDIX B – SECRETARY OF THE INTERIOR’S STANDARDS

SECRETARY OF THE INTERIOR'S STANDARDS FOR REHABILITATION

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.

4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.

5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a historic property shall be preserved.

6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.

7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.

8. Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.

9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
