MICHIGAN DEPARTMENT OF AGRICULTURE
NEW LARGE QUANTITY WATER WITHDRAWAL REGISTRATION FORM

Please use this form to ***register a new or increased*** large quantity water withdrawal that will be used for agricultural production. This is only for systems established after March 1, 2006 or that have never been previously reported. This is ***not*** a water use reporting form. There is another form for that purpose.

Part 327 of Public Act 451 of 1994, as amended, states that any producer with the *capacity* to make a large-quantity water withdrawal must register with the Michigan Department of Agriculture *before* beginning the withdrawal. A large quantity withdrawal equals 100,000 gallons/day (70 gallons/minute) for 30 days.

Please complete the form, sign, date and return with supporting documentation (maps, well logs, etc) to the **Michigan Department of Agriculture, Water Use Reporting Program, Environmental Stewardship Division, P.O. Box 30017, Lansing, MI 48909** or by **FAX to (517) 335-3329**. Call Abby Eaton of the MDA, at (517) 241-3933 with questions or for more information. Thank you for your cooperation.

_____

Farm Name Manager/Owner Phone

_____

Mailing Address City State Zip Code

A. PUMP NAME OR ID AND LOCATION

Pump Name (i.e., Piney Creek pump, Sec. 21 irrigation well, etc.): _____

Date of Installation: _____ Static Water Level: _____

County of the withdrawal: _____ Township of the withdrawal: _____

Enter the latitude and longitude of a well withdrawal to at least 6 significant figures, e.g., 45° 15' 36.5 " or 45.2601°

Latitude: _____ Longitude: _____

Rated Pump Capacity: _____ Gal/Min Intended Water Use: _____

B. WATER SOURCE ☐ Groundwater ☐ Surface Water ☐ Pond Supplied by Well

C. WATER DISCHARGE – NEAREST DRAIN OR STREAM TO WITHDRAWAL SITE Distance: _____ ft

D. ESTIMATED AVERAGE MONTHLY VOLUMES OF WITHDRAWAL: INDICATE REPORTING UNITS ☐ total acre-inches ☐ gallons

Jan	Feb	Mar	Apr	May	June	**ANNUAL Total:**
July	Aug	Sept	Oct	Nov	Dec	

E. ESTIMATED AVERAGE MONTHLY VOLUMES OF *CONSUMPTIVE USE: INDICATE REPORTING UNITS ☐ acre-inches ☐ gallons

*The coefficient for consumptive use for irrigation in Michigan is estimated at ninety percent (90%) of the volume applied.
