- The worker "is an undocumented alien who is not permitted to work in the United States under federal law."
- The worker "presented fraudulent identification to the employer."

### **HB 4355 (House Bill 4355)**

**Bill Summary:** This bill would be known as the "Public Contract and Employment Eligibility Verification Act." The bill would require a public employer (i.e., all departments, agencies, or political subdivisions of the state of Michigan) to register with and participate in the federal E-verify program to verify the work authorization of each new employee.

The bill would prohibit a public employer from entering into a contract for services within Michigan unless the contractor registers with and participates in the E-Verify program to verify the work authorization status of all of the contractor's new employees.

The bill would prohibit a contractor or subcontractor from entering into a contract or subcontract with a public employer concerning services unless the contractor or subcontractor registers with and participates in the E-Verify program to verify the work authorization status of all new employees.

An employer or an agency or political subdivision of the state would be required to verify the lawful presence of an individual in the U.S. as required above by obtaining an affidavit that the individual executed under penalty of perjury and states one of the following: (1) he or she is a U.S. citizen, or (2) he or she is a "qualified alien" under federal immigration law and is "lawfully present" in the U.S.

The employer or agency or political subdivision would further verify the status of an individual who has executed the affidavit through the E-Verify system. Until the further eligibility verification is made, the affidavit is presumed to be proof of lawful presence for the purposes of this section. An individual who knowingly and willfully makes a false statement in an affidavit is guilty of perjury.

The bill would also prohibit an employer from discharging an employee who is a citizen or Lawful Permanent Resident if, on the date of the discharge, the employer knowingly employed an alien who is not authorized to work in the United States. The discharged employee shall have a private cause of action to bring suit in court. This prohibition would not apply to a discharge with cause.

### **HB 4044 (House Bill 4044)**

**Bill Summary:** The bill would prohibit local units of government from enacting or enforcing any law, ordinance, policy, or rule that limits or prohibits a peace officer or local official, officer, or employee from communicating or cooperating with appropriate federal officials concerning the immigration status of individuals.

The bill states that a peace officer who has probable cause to believe that an individual under arrest is not legally present in the U.S. shall report that individual to the United States Immigration and Customs Enforcement.

If a local unit of government fails to comply with one or more sections of this act, the state treasurer shall accordingly withhold the total annual payment amount that the governmental unit received under the state revenue sharing act.

**HB 4187 (House Bill 4187)**

**Bill Summary:** As introduced, the bill would change existing Michigan law regarding the issuance of a marriage license by a county clerk. It would add the following phrase: “A license shall not be issued by the county clerk until the requirements of this section are complied with.”

According to a press release issued by the Primary Sponsor when he introduced an identical bill in the prior legislative session, this bill would enable county clerks to deny marriage licenses to individuals, including “illegal aliens,” who do not have a social security number. See <http://tinyurl.com/c4c8nr>

A 2008 Michigan Attorney General opinion found that county clerks may issue marriage licenses to individuals without social security numbers. As introduced, HB 4187 would not change the relevant statutory language upon which the Attorney General’s opinion relied. See <http://tinyurl.com/ch8d5v>

**HR 11 (House Resolution 11)**

**Bill Summary:** The Resolution states that the Department of Homeland Security is requiring that states wanting to produce an enhanced driver's license to satisfy the Western Hemisphere Travel Initiative incorporate "unencrypted, long-range, radio-wave computer chip technology that allows for a unique citizen identification number that can be passively read through wallets, purses, doors, and cars without the owner's knowledge."

The Resolution also expresses concern that "the driver license information of Michigan citizens would be shared with the governments of Canada and Mexico via the Security and Prosperity Partnership (SPP) and EDL agreements. However, how it would be shared is ambiguous and needs to be defined so that we can ensure that potential corruption in foreign bureaucracies does not result in identity theft or other security concerns for U.S. citizens. There is currently little congressional oversight of the SPP, again placing a single department's bureaucracy largely in charge of rules and regulations that significantly impact the states and their citizens"

The Resolution urges the President, the Congress, and the Department of Homeland Security to "change requirements, agreements, and memorandums of understanding relating to the creation of Enhanced Drivers Licenses" to address these concerns.
