Module 1: HIV Basic Knowledge Training

Module 2: HIV Prevention Specialist Certification Training

Module 3: HIV Test Counseling Certification Trainings

Module 1: HIV Basic Knowledge Training is for individuals who only need basic knowledge regarding HIV (e.g., receptionists at CBOs), or for those who plan to take the HIV Prevention Specialist Training (Module 2). This training alone does not provide HIV Prevention Specialist or HIV Test Counselor certification. Participants are required to pass this course with a minimum score of 80% on the exit examination before taking Module 2.

Module 2: HIV Prevention Specialist Certification is for individuals who will be conducting HIV prevention work/education, including prevention counseling, or for those who plan to take the HIV Test Counselor Certification Training (Module 3). Successful completion of Module 1 is a prerequisite. This training does not provide HIV Test Counselor certification. Participants are required to pass this course before taking Module 3. Certification is based upon demonstration of a minimum level of competency, requires complete attendance for both days and a minimum score of 80% on the exit examination.

Module 3: HIV Test Counseling and PS Certification for Community-Based Organizations or Local Health Departments is for individuals who will provide HIV test counseling and are currently working or volunteering at an organization or health department that provides such services. *Persons who will not be providing HIV testing are not eligible to attend Module 3.* Participants must successfully complete Modules 1 and 2 before attending Module 3. *Staffs at local health departments and community-based organizations have separate and distinct training needs and will attend separate training offerings for test counselor certification. Please register for either:*

- Module 3: HIV Test Counseling and PS Certification for Community Based Organizations, or
- Module 3: HIV Test Counseling and PS Certification for Local Health Departments.

Certification is based upon demonstration of a minimum level of competency, complete attendance for both days, and a minimum score of 80% on the exit examination.

HIV test counselors must maintain their certification by completing six hours of continuing education every two calendar years. Test counselors who fail to complete their certification update requirements will be decertified and are required to complete Modules 1-3 to regain certification.

Application Process: Please note application deadlines. Complete the “*HIV Module Training Application*” form to register for Module 1, Module 2 and Module 3: HIV Test Counseling and PS Certification for Community Based Organizations and forward to the address or fax number indicated on the application. To attend Module 2 or Module 3 for community-based organizations training, successful completion of the previous Module in the series is required; however, you do not have to wait to register for the next training in the series. Approximately three weeks prior to the training, applicants will be notified by mail regarding acceptance/rejection. If notification has not been received by one week prior to the training, please contact Julie Babb. **For more information, contact Julie Babb at (517) 241-5909.**

Complete the “*Module 3: HIV Test Counseling and PS for Local Health Departments/PS Update/Specialized Training Application*” form to register for Module 3: HIV Test Counselor and PS Certification for Local Health Departments. **Contact Tracy Peterson-Jones for more information at (313) 456-4422.**

Priority for all trainings will be given to staff and volunteers at Michigan Department of Community Health, Division of Health, Wellness and Disease Control (MDCH/DHWDC) funded/designated test sites that will be providing HIV tests. Secondary priority will be given to applicants from agencies contracted with MDCH/DHWDC which do HIV education and prevention, outreach or case management. Agencies that are not funded by the MDCH/DHWDC are eligible to attend Module 1 and Module 2 and will be admitted as space allows. Applicants from non-funded designated programs or other programs that provide HIV testing (e.g., adolescent health centers) will only be considered for Module 3 if space allows and the applicant will be providing HIV test counseling. **A supervisor's signature is required on all Module 3 applicants for verification that applicant will be providing HIV test counseling or that the applicant will be a case manager.**

Cancellation: Participants who are not able to attend their scheduled training must cancel at least two working days ahead of the training. Participants who fail to cancel and are “no shows” may lose priority for future trainings and may jeopardize the agency’s priority for future trainings.

Fee: There is no charge for MDCH/DHWDC designated test sites or prevention or care contract agencies. All other agencies must pay \$40.00 per module training. Fees are payable in cash or by check or money order to “State of Michigan” at the door. Do not send payment with application, as it will be returned.

Nurses Contact Hours: Nurses may obtain contact hours for the Module 1: HIV/AIDS Basic Knowledge Training, Module 2: HIV Prevention Specialist Certification Training, and Module 3: HIV Test Counselor Certification Training. There is a \$10 administration fee charged per course, payable at the door by cash, check or money order to “State of Michigan”.

Certified Addiction Counselor Credits: All trainings included in this calendar may be applied as a continuing education credit for this certification. Participants applying for continuing education credits will be required to submit their certification certificate and the course agenda to the Michigan Certification Board for Addiction Professionals.

Module 1: HIV Basic Knowledge Training

This training is for individuals who only need basic knowledge regarding HIV (e.g., receptionists at CBOs), or for those who plan to take the HIV Prevention Specialist Training (Module 2). This training alone does not provide HIV Prevention Specialist or HIV Test Counselor certification. Participants are required to pass this course with a minimum score of 80% on the exit examination before taking Module 2.

There are two (2) options for taking the Module 1: HIV Basic Knowledge Training:

- A two-day, in-class training. This training is in the traditional format and is recommended for those participants for whom face-to-face instruction is the best method of learning; or
- The “*HIV, Get the Basics*” Web Course combined with one day of in-class training. This training is a new option and is recommended for participants for whom independent study is a successful method of learning.

TWO DAY IN-CLASS TRAINING:

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
January 13-14, 2009	Detroit	December 26, 2008
February 2-3, 2009	Lansing	January 16, 2009
March 4-5, 2009	Detroit	February 13, 2009
April 2-3, 2009	Lansing	March 13, 2009
May 4-5, 2009	Detroit	April 17, 2009
June 11-12, 2009	Detroit	May 22, 2009
July 13-14, 2009	Lansing	June 26, 2009
August 13-14, 2009	Detroit	July 24, 2009
September 15-16, 2009	Lansing	August 28, 2009
October 19-20, 2009	Detroit	October 2, 2009
November 9-10, 2009	Lansing	October 23, 2009
December 2-3, 2009	Detroit	November 13, 2009

ONE DAY IN-CLASS TRAINING (For those applying to take the Web Course):

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
March 13, 2009	Detroit	February 20, 2009
April 30, 2009	Detroit	April 10, 2009
June 30, 2009	Lansing	June 12, 2009
September 18, 2009	Detroit	August 28, 2009
October 23, 2009	Lansing	October 2, 2009

Module 2: HIV Prevention Specialist Certification Training

This training is for individuals who will be conducting HIV prevention work/education, including prevention counseling, or for those who plan to take the HIV Test Counselor Certification Training (Module 3). Successful completion of Module 1 is a prerequisite. This training does not provide HIV Test Counselor certification. Participants are required to pass this course before taking Module 3. Certification is based upon demonstration of a minimum level of competency, requires complete attendance for both days and a minimum score of 80% on the exit examination.

HIV Prevention Specialists must maintain their certification by completing six hours of HIV-related continuing education every two calendar years. Prevention Specialists who fail to complete their certification update requirements will be decertified and are required to complete Modules 1-3 to regain certification.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
January 15-16, 2009	Detroit	December 26, 2008
February 12-13, 2009	Lansing	January 23, 2009
March 23-24, 2009	Detroit	March 6, 2009
April 23-24, 2009	Lansing	April 3, 2009
May 11-12, 2009	Detroit	April 24, 2009
June 23-24, 2009	Detroit	June 5, 2009
July 28-29, 2009	Lansing	June 10, 2009
August 18-19, 2009	Detroit	July 31, 2009
September 29-30, 2009	Lansing	September 11, 2009
October 26-27, 2009	Detroit	October 2, 2009
November 19-20, 2009	Lansing	October 30, 2009
December 15-16, 2009	Detroit	November 20, 2009

Module 3: HIV Test Counseling and PS Certification Training for Community-Based Organizations

This training is for those individuals who will provide HIV test counseling and are currently working or volunteering at a community-based organization that provides such services. Persons who will not be providing HIV testing are not eligible to attend Module 3. Participants must successfully complete Modules 1 and 2 before attending Module 3.

Certification is based upon demonstration of a minimum level of competency, complete attendance for both days, and a minimum score of 80% on the exit examination. *HIV test counselors must maintain their certification by completing six hours of HIV-related continuing education every two calendar years and by conducting at least six (6) HIV test counseling sessions per year.* Test counselors who fail to complete their certification update requirements will be decertified and are required to complete Modules 1-3 to regain certification.*

Local health department staff are not eligible to attend this course. Please refer to page 7 in this booklet for dates and locations for the Module 3: HIV Test Counseling and PS Certification Training for Local Health Departments.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
January 22-23, 2009	Detroit	January 2, 2009
February 18-19, 2009	Lansing	January 30, 2009
March 25-26, 2009	Detroit	March 6, 2009
May 21-22, 2009	Detroit	May 1, 2009
July 30-31, 2009	Lansing	July 10, 2009
August 3-4, 2009	Detroit	July 10, 2009
October 1-2, 2009	Lansing	September 11, 2009
November 4-5, 2009	Detroit	October 16, 2009
December 7-8, 2009	Lansing	November 13, 2009
December 17-18, 2009	Detroit	November 20, 2009

* HIV CTR program managers, case managers and partner services/disease intervention specialists are exempt from the minimum six tests per year requirement.

Module 3: HIV Test Counseling and PS Certification Training for Local Health Departments

PS training is required for those individuals currently working at a local health department receiving HIV categorical funding and who will provide HIV test counseling, elicitation and/or field investigations. Persons who will not be providing HIV testing are not eligible to attend Module 3.

This training has been modified from two days of training to three, for a total number of seven training days. Participants must successfully complete Module 1 and 2 before attending the Module 3 course.

This training is designed to familiarize local health department staff with a number of strategies to control and prevent the spread of HIV and other STDs. Participants will learn about program policy and practices for conducting PS activities. Emphasis will be placed on techniques for working with individuals diagnosed with HIV infection to identify their at-risk partners so prevention counseling, testing and referral services can be provided. Participants will learn skills to elicit information about at-risk partners, conduct thorough field investigations and learn techniques for personal safety.

Please Note: The Centers for Disease Control & Prevention have developed new initiatives to implement effective partner notification. MDCH/DHWDC will implement the new strategies in future PS certification trainings.

Certification is based upon demonstration of a minimum level of competency, complete attendance for all three days, and a minimum score of 80% on the exit examination. HIV test counselors must maintain their certification by completing six hours of continuing education every two calendar years. Test counselors who fail to complete their counselor certification update certification requirements will be decertified and required to complete Module 1-3 to regain certification.

HIV Prevention Specialist and HIV Test Counselor Update Trainings

APPLICABILITY AND ELIGIBILITY

Pursuant to HIV Prevention Quality Assurance Standards, all staff and volunteers that provide HIV prevention counseling, in conjunction with HIV testing and referral, at HIV agencies/sites funded or designated by the DHWDC for provision of HIV counseling, testing and referral must maintain their certification to provide HIV Test Counseling.

REQUIREMENTS

In order to maintain HIV Test Counselor certification, HIV test counselors are required to:

- 1) Complete six hours of DHWDC-approved continuing education every two years.

The content of the continuing education must be HIV specific or HIV related. HIV-related content is considered to be any subject matter which equips participants with enhanced skills or knowledge that will have a practical application to their work with clients in the HIV field.

And

- 2) Conduct at least 6 counseling and testing sessions each year. **Note: HIV CTR program supervisors, case managers and partner services/disease intervention staff are exempt from the minimum of six (6) counseling and testing sessions requirement.**

MEETING THE UPDATE CERTIFICATION REQUIREMENT

HIV Test Counselors may fulfill the update requirement by taking advantage of DHWDC-sponsored opportunities as well as events and opportunities sponsored by organizations other than DHWDC.

Update hours may be obtained at one time (i.e., a one-day workshop) or in smaller segments over the course of two years. Counselors must receive a total of six hours of HIV-specific or HIV-related skills and information enhancement every two years. Counselors will be permitted to use six hours of update training from any of the following categories: a) counseling, psychosocial issues or issues for special populations (e.g., substance users); and b) HIV epidemiology, biology, testing or treatment.

Options for meeting the update certification requirement include:

Option 1: One-Day HIV Prevention Specialist/Test Counselor Update

Counselors may attend one of the following DHWDC-sponsored one-day HIV Prevention Specialist/Test Counselor Update Trainings.

Topic: Poverty and HIV

This update will explore and define poverty from a government, societal, and individual perspective while providing a contrast to the rising cost associated with HIV.

Dates
March 31, 2009

Location
Detroit

Registration deadline
March 6, 2009

Topic: Prison & HIV

This update will explore issues around male sex and prison culture and the relationship with HIV, Prevention, and care services/messages.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
May 27, 2009	Lansing	May 8, 2009

Topic: HIV and Transgender Populations

This update will provide an overview of transgender identity and experience. We will discuss what particular behaviors put transpeople and other gender non-conformers at risk for HIV infection.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
August 12, 2009	Detroit	July 17, 2009

Topic: African American MSM & HIV Transmission

This update will explore MSM relationships specifically the dynamics that can take place between older/younger men and will examine its impact on HIV and other STDs.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
September 23, 2009	Lansing	September 4, 2009

Topic: HIV and Homelessness

This update will provide a broader framework for working with the homeless population and provide resources to assist clients addressing need specific to HIV.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
November 17, 2009	Detroit	October 23, 2009

Fee: None

Registration: When registering for the one-day update (Option 1), complete the “*HIV Prevention Specialist and Test Counselor Update and Specialized Trainings Application*” Form*.

Option 2: Specialized HIV Training Courses

Counselors may attend one of the DHWDC-sponsored Specialized HIV Training courses listed in this calendar.

Option 3: Partner Services (PS) Training Courses

Counselors may attend one of the DHWDC-sponsored PS Certification or Recertification trainings listed in this calendar.

See 2009 DHWDC Training Calendar for information on update options 1-3 and application process.

Option 4: Annual Statewide STD/HIV Conference

Counselors may attend the DHWDC-sponsored annual STD/HIV Conference that takes place in November/December. Conference announcements will be mailed out during the summer. **Please note: to use the Annual STD/HIV Update Conference as a certification update, name and counselor ID number must be provided to conference registration staff for credit. For more information on the conference contact Rhonda Bantsimba at (313) 456-3322.**

Option 5: Non-DHWDC Sponsored Events

Some options confer continuing education credits/units to maintain professional licensure. MDCH/DHWDC will count the number of credits awarded to nurses towards HIV counselor certification update hours.

COUNSELORS DO NOT HAVE TO ATTEND MDCH/DHWDC TRAININGS FOR UPDATE CREDIT. Counselors may fulfill the update requirement by taking advantage of other HIV-related training opportunities. Many of these opportunities are free or low cost and some do not require travel away from your place of employment. The following are examples of these options:

- HIV/AIDS ODCP Communicable Disease Trainings
- HIV Staff In-services
- PRP-Approved HIV Prevention Videos
- HIV-related *MMWR* CME Program Courses
- Web-based CME Opportunities (e.g., Medscape HIV/AIDS CME Center, www.rn.com, <http://mi.train.org>)
- Satellite, Web, and TV Broadcasts
- National STD Prevention Conference
- National HIV/AIDS Update Conference
- United States Conference on AIDS
- Community Planning Leadership Summit

PARTICIPATION REQUIREMENTS

Full participation in update event is required in order to receive full credit. Break and lunch times will **not** be counted towards update hours. An agenda and verification of full participation must be submitted along with other required documentation (outlined below). **MDCH/DHWDC reserves the right to reject any non-DHWDC event as an update.** Contacting MDCH/DHWDC prior to event to ensure its eligibility is strongly encouraged.

VERIFICATION OF PARTICIPATION/COMPLETION

For DWHDC-sponsored trainings, the “*DHWDC Update Proof of Attendance*” form will be provided to participants on site. Submission of additional documentation is not required. Certification update information will automatically be updated in HAPIS records.

For Non-DHWDC trainings/events, complete document submission includes **all** of the following items:

- the “*HIV Update Documentation*” form**;
- an explanation of event’s relevance to job duties;
- the “*DHWDC Update Verification of Attendance for Non-HAPIS Events*” form** completed by event coordinator/staff;
- registration confirmation, which includes your name and date of event (payment receipt not acceptable);
- a conference booklet or an agenda of the event; **and**
- a copy of any certificates of completion obtained as a result of the education activity.

For medical continuing education journals, videos, online resources (Option 5), complete document submission includes **all** of the following items:

- the “*HIV Update Documentation*” form**;
- A copy of the article with exam (i.e. *MMWR*)
- A written summary of any video or online resource

DEADLINES FOR COMPLETION OF CERTIFICATION UPDATES

Update activity must be completed by the last day of the month in which certification is due to expire. Documentation must be submitted to DHWDC no later than 30 days after certification is due to expire. Upon receipt of documentation, DHWDC staff will contact submitter to acknowledge receipt and inform them of the status of their submission.

RESPONSIBILITY FOR MONITORING CERTIFICATION STATUS

Program supervisors are responsible for monitoring the certification status of agency counselors.

For more information contact, Christina Bolden at boldenc@michigan.gov or (313) 456-2181.

**Forms may be found on the MDCH web site at: <http://michigan.gov/hivstd>. Follow the “Training” link.

Specialized HIV Trainings

Application: Please note application deadlines. Complete enclosed “HIV Training Application Form” and forward to the address or fax number indicated on the application. Approximately three weeks prior to the training, applicants will be notified by mail regarding acceptance/rejection. **For more information, contact Julie Babb at (517) 241-5909 babbj@michigan.gov.**

Presentation Skills

This workshop is open to HIV prevention and test counselors who also are responsible for giving HIV 101 lectures/workshops/presentations. It is designed to give participants the skills to become effective presenters. It is also designed to ensure that communities receive standardized information. Participants will be given the opportunity to present to their peers and receive valuable feedback.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
April 27-28, 2009	Detroit	April 3, 2009

Fee: None

Assuring the Quality of HIV Prevention Counseling

This workshop is open **only** to supervisors of HIV prevention and test counseling staff and is required for supervisors at DHWDC-funded sites. It is designed to help supervisors assure the quality of HIV prevention counseling. Supervisors must have attended either the HIV Test Counselor Certification Training since 1994, or a supervisor’s update.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
August 27-28, 2009	Detroit	August 7, 2009

Fee: None

HIV and the African Immigrant

This training will provide participants with a broad perspective on issues related to African born immigrants. The training will explore various topics ranging from colonization to immigration. A specific focus will be on HIV treatment and outreach to this multi cultural population.

<u>Dates</u>	<u>Location</u>	<u>Registration deadline</u>
September 2, 2009	Lansing	August 14, 2009

Fee: None

Case Management Certification Trainings and Recertification

HIV/AIDS Case Management Certification Training

The HIV/AIDS Case Management Certification Training is designed to certify HIV/AIDS case managers who are required to adhere to the “*Standards of Service for HIV/AIDS Case Management in Michigan*”. **Participants must have already completed the HIV Test Counselor Certification Training.** There are three (3) sessions in the training series for becoming a certified case manager. Those seeking to become an HIV/AIDS Prevention and Intervention Section (HAPIS) certified HIV/AIDS case manager must attend the entire training series and satisfactorily complete all course work and examinations.

Application: Please note application deadlines. Complete the “*Case Management Certification Application Form*,” and submit per the instructions provided on the application form. Approximately three weeks prior to the training, applicants will be notified by mail regarding acceptance/rejection.

Session 1: Standards of Service for HIV/AIDS Case Management in Michigan (medical and non-medical)

This two-day session consists of training on new standards including intake, assessment, care planning, medical monitoring, and follow-up.

<u>Date</u>	<u>Location</u>	<u>Registration deadline</u>
September 10-11, 2009	Detroit	August 21, 2009

Session 2: Tools and Resources for Case Managers

This two-day session, consists of training on various topics such as cultural diversity and culturally and linguistically appropriate services (CLAS) standards, prevention counseling, prevention for PLWH/A, Partner Counseling and Referral Services, entitlements, benefits, the AIDS Drug Assistance Program, the Michigan Dental Program, and quality improvement through data collection.

<u>Date</u>	<u>Location</u>	<u>Registration deadline</u>
August 26-27, 2009	Detroit	August 6, 2009

Session 3: Medication Adherence

This two-day session consists of adherence counseling and education and includes specific information on how to talk to clients about medical care and treatment, medication history, lab work, issues impacting adherence to HIV medical treatment, a comprehensive assessment of the client’s readiness or ability to adhere to the recommended course of treatment by taking all prescribed medications, keeping medical appointments and obtaining lab tests when ordered. Important factors that will be emphasized include medication use, behavioral change related to lifestyle and activities, pain control, control of medication side effects, adjustments to change, coping with emotional reactions, and changes in disease symptoms.

<u>Date</u>	<u>Location</u>	<u>Registration deadline</u>
October 14-16, 2009	Detroit	September 25, 2009

Fee: None

HIV/AIDS Case Management Recertification Options

For information on Case Management Training and Certification, please contact Julie Babb at (517) 241-5909 or at babbj@michigan.gov.

Partner Services Update Certification Trainings

PS Certification Update

The PS Certification update has been *revised* to include two sections. These two parts include the **completion of the new PS Web course**, as well as attending a **face to face interactive skills building activity course**. The PS Web course includes a basic overview of PS ranging from the Michigan HIV Laws to completion of the necessary forms to initiate PS.

High morbidity health department PS staff are now required to complete the online course, and also attend an interactive skills building course from the *dates* below.

Low morbidity health department staff may complete the PS online course, if they choose to maintain their PS certification to continue to provide PS prevention counseling, elicitation and partner referral within clinical settings.

1. Topic: Effectively working with Clients with Mental Health Disorders & Substance Abuse Issues

This update will provide in-depth information on mental health disorders and substance abuse issues. This update will examine ways to recognize signs or symptoms of mental illness, the various mental health conditions and guardianship issues. This training will also examine the effects of substance use, and how to recognize if a client may have a substance abuse problem. Speakers will discuss strategies to effectively build collaborative efforts between mental health, substance abuse and public health services.

<u>Date:</u> February 19, 2009	<u>Location:</u> Detroit	<u>Registration deadline:</u> January 30, 2009
--	------------------------------------	--

2. Topic: Immigration Laws & HIV

This update will address U.S. immigration laws impacting clients' willingness to access PS. This course is designed to provide local public health staff with strategies to reach and work with immigrant populations in need of PS.

<u>Date:</u> May 14, 2009	<u>Location:</u> Detroit	<u>Registration deadline:</u> April 24, 2009
-------------------------------------	------------------------------------	--

3. Topic: PS & Health Threat to Others (HTTO)

This update will review local health department staff response to HTTO situations. It is designed to help local public health HIV prevention & test counselors implement the proper protocol to address HTTO situations. Speaker from MDCH Legal Affairs will be on hand to review Public Act 490 and its implications for local public health.

<u>Date:</u> September 17, 2009	<u>Location:</u> Lansing	<u>Registration deadline:</u> August 28, 2009
---	------------------------------------	---

Fees: None

Specialized Partner Services Training Courses

Application: Please note application deadlines. Complete the “*Module 3: HIV Test Counseling and PS for Local Health Department/PS Update/ Specialized Training Application*” form and forward to the address or fax number indicated on the application. **For more information, contact Tracy Peterson-Jones at (313) 456-4422 or PetersonT@michigan.gov.**

PS & the Internet

This workshop will review the PS Internet protocol to assist local health departments staff access the internet and provide PS to partners who are identified as at-risk for HIV. This course is designed to provide local health department staff with hands on experience to initiate the internet as a HIV prevention tool.

Date:
August 20, 2009

Location
TBA

Registration deadline:
July 31, 2009

“Stepping It Up: Building Interviewing, Elicitation and Investigation Skills”

This workshop will provide an overview of what motivational interviewing is and discuss practical strategies and techniques utilized in this counseling style. This workshop will examine the use of motivational interviewing while providing partner notification services.

Date:
March 19, 2009

Location:
Detroit

Registration deadline:
February 27, 2009

Fees: None

Partner Counseling & Referral Services Web Course For High/Low Morbidity Public Health Departments

Partner Services (PS) is pleased to announce the availability of the “*Partner Counseling & Referral Services Training web course.*”

This web course is designed to provide staff of local public health who conducts PS with basic information ranging from Michigan HIV Laws, essential information needed for elicitation, and the completion of the necessary forms to initiate PS.

This course is *required* to be completed by PS staff of *high-morbidity health departments*, in addition to attending a face to face interactive skills building course.

Low morbidity health departments may complete the course if they choose to maintain their certification to continue to provide PS prevention, elicitation and partner referral within clinical settings.

Accessing the Web Course

This course is available through the online public health training clearinghouse known as MITRAIN. MITRAIN is accessible at mi.train.org. All persons who access the PS Web course will need to register, and *get approved* by the MDCH Course administrator to take the course. Announcements and references for high/low morbidity local health departments will be posted on www.mihivnews.com

How the Web Course Works

It takes approximately 40 minutes to one hour to complete the web course (which involves reading the modules and completing the quiz after each module). Each quiz must be completed successfully to move on to the next module. Each quiz consists of 4 to 6 questions, which include matching, multiple choice, and true or false. Only those who successfully complete all quizzes (80%) will be able to print a certificate of course completion. Participants are encouraged to have a printer readily accessible and functional in order to print the certificates immediately after successfully completing the course.

The certificate of course completion should be used as documentation to: 1) verify individual test administrator completion; and 2) for quality assurance and accreditation site visits for **low morbidity local health departments**.

High morbidity health departments will utilize the certification of course completion, and attending the face to face skills building course for the purpose of quality assurance and accreditation site visits.

For information regarding course information, contact:
Tracy Peterson-Jones, DHWDC, Cadillac Place, 3056 W. Grand Blvd., Suite 3-150,
(313) 456-4422

For technical problems with the web course, contact:
Clyde Webster, DHWDC, Cadillac Place, 3056 W. Grand Blvd., Suite 3-150,
(313) 456-1113

Sexually Transmitted Disease Trainings

Training dates and locations are incomplete at this time. Information will be published as an addendum to this calendar in the near future.

HIV Event System Trainings

Web-based trainings for the Counseling, Testing and Referral and the Partner Services data collection modules will be held quarterly throughout the calendar year. Trainings will be held at New Horizons Training Centers in East Lansing and Livonia. **Training dates will be posted at www.mihivnews.com or you may contact Jeanine Hernandez, Counseling and Testing Coordinator at 517/241-5940 or Hernandezjea@michigan.gov.**

Program Review Panel (PRP)

Review Volunteers Needed!

In 1992 the Centers for Disease Control and Prevention (CDC) released the publication “*Content of AIDS Related Written Materials, Pictorials, Audiovisuals, and Education Sessions in Centers for Disease Control and Prevention (CDC) Assistance Programs.*” Based on this guidance and prior to expenditure of contract funds, all HIV educational materials that MDCH/DHWDC/HAPIS agencies plan to develop or purchase, regardless of funding source, must be reviewed.

Submitting Materials

A list of review dates and submission deadlines is provided below. For more information on the material review and submission process, go to <http://www.mihivnews.com/prp2.htm> or contact **Christina Bolden** (below).

Becoming a Reviewer

It is imperative that the Program Review Panel (PRP) establishes a pool of qualified reviewers to support the materials review process. Anyone may serve on the PRP and all are welcome as long as they meet the minimum qualifications. MDCH/DHWDC/HAPIS is responsible for establishing a Program Review Panel to include members who:

- a. Have expertise in HIV/AIDS prevention or care;
- b. Understand the epidemiology and extent of the HIV/AIDS problem in the local population and the specific audiences for which materials are intended; and
- c. Represent a reasonable cross section of the population.

If you would like to become a member of the Program Review Panel, contact **Christina Bolden** (below). Information and an application for review panel membership are available at <http://www.mihivnews.com/prp2.htm>.

2009 Review Meetings

<u>Dates</u>	<u>Location</u>	<u>Submission and Reviewer RSVP Deadline:</u>
February 27, 2009	Detroit	February 20, 2009
April 17, 2009	Detroit	April 10, 2009
June 26, 2009	Lansing	June 19, 2009
August 21, 2009	Detroit	August 14, 2009
October 30, 2009	Lansing	October 23, 2009
December 11, 2009	Detroit	December 4, 2009

Information-Based Testing for Low-Morbidity Public Health Departments

The HIV/AIDS Prevention and Intervention Section is pleased to announce the availability of the Information-Based HIV Testing Web Course. This web course is designed to provide those who will be providing HIV testing in low-morbidity local health departments with information essential to answering basic questions about HIV, providing the elements of informed consent for HIV testing, and delivering or initiating the delivery of HIV test results. This course is available to anyone with web access; however, *this course DOES NOT replace the test counselor certification course series (Modules 1-3) for persons providing test counseling at community-based organizations and high-morbidity local health departments.*

Accessing the Information Based Testing (IBT) Web Course

This course is available through the online public health training clearinghouse known as MITRAIN. MITRAIN is accessible at <http://mi.train.org>. All persons who require verification of course completion must take the exam and must register and enter the course through MITRAIN. Announcements and references for low-morbidity local health departments will be posted on www.mihivnews.com.

The Information-Based HIV Testing Web Course and MITRAIN are accessible by anyone with internet access. For optimum performance, a high-speed Internet connection (DSL or cable) is recommended, but not necessary.

How the IBT Web Course Works

It takes approximately 3 hours to complete the course (which involves reading the modules and completing the exam). Only those who complete the exam with a minimum score of 80% will be able to print a certificate of successful course completion. The exam consists of 25 multiple choices, true or false and matching questions. The exam takes approximately 10 minutes to complete. Once the exam is entered, it must be completed in its entirety. The exam may be completed as many times as necessary to achieve the minimum score of 80%. Participants are encouraged to have a printer available in order to print the certificate immediately after successfully completing the exam.

The certificate of course completion shall be used as documentation to: 1) verify individual test administrator training completion; and 2) for quality assurance during accreditation site visits for **low morbidity local health departments only**.

For information regarding course information, contact:

**Rhonda Bantsimba, DHWDC, Cadillac Place, 3056 W. Grand Blvd., Suite 3-150,
(313) 456-3322**

For technical problems with the web course, contact:

Kimberly Snell, DHWDC, Cadillac Place, 3056 W. Grand Blvd., Suite 3-150, (313) 456-3394
