

## **Additional Review Criteria for Appointing People to Standard Advisory Committees (SACs)**

1. Only one person on a SAC from any one health system, regardless of which organization nominated them or whether they were self-nominated.
2. NOT a consultant for establishing for service covered under the SAC.
3. No one affiliated with program in Certificate of Need (CON) process, either applying or subject to enforcement order. We cannot have people be on the Committee recommending the Standards by which their application/compliance would be judged.
4. Broadest possible geographic dispersion.
5. Definition of “experts with professional competence in the subject matter.” See “Certificate of Need (CON) Commission Resolution Regarding Expert Representation on Standards Advisory Committees (SAC).”
