

Addresses Will No Longer Be Printed on Most Licenses

Over the next year, the Bureau of Health Professions will no longer print the address on most health professional licenses. The address will continue to be printed on educational limited, clinical academic, and location specific Pharmacy licenses. In addition, we will continue to print the address on the wallet card.

Effective April 20, 2007, the address was removed from Medicine, Osteopathic Medicine and Surgery, Podiatry, Physical Therapy, Psychology, and Physician's Assistants licenses.

Effective May 25, 2007, the address was removed from Chiropractor, Dentistry, Nursing Home Administrator, and Sanitarian licenses.
