NEW! Calibrating Conversation

(For FAME Coaches who have completed Cognitive Coaching Foundation Seminar® Days 1 – 8.)

Session Description: To calibrate means to establish the standard and mark the units shown on a measuring instrument. The Calibrating Conversation uses an externally generated, mutually agreed upon document to support the coachee’s thinking in measuring his/her progress as reflected on the document. The document provides a standard for performance and the coach uses the Calibrating Conversation Map to structure the interaction. Examples of documents are a teaching framework, an evaluation instrument, a rubric. Key to the Calibrating Conversation is that the document is externally generated, mutually agreed upon, and locally adopted as representing excellence in the field of endeavor. Also key is that the purpose of the calibrating conference is to support self-directed learning.

| Site Options | Dates | Training | Location |
