What is a non-school recipient?

A non-school recipient (NSR) is an entity that is neither a school nor a Unique Education Provider but receives monies of some kind through the Michigan Electronic Grants System (MEGS) or Cash Management System (CMS). These entities may or may not receive program dollars where individual student or staff reporting is required. Examples of non-school recipients include (but are not limited to) community action agencies, soup kitchens, day care centers, etc.

What is the Educational Entity Master?

The Educational Entity Master is a repository that contains numbers and basic contact information regarding educational systems in the state of Michigan. Information exists for public schools, nonpublic schools, intermediate school districts, institutions of higher education, and non-school recipients of certain funding. Commonly used information includes school/facility name, grade levels, address, and contact information for each entity.

What are the steps required to add a non-school recipient organization to the EEM?

Important note: If the organization already has an agreement number, please skip the next three steps and proceed to page 2.

1. The first step is to submit a request to add the new entity to the Educational Entity Master. Go to https://cepi.state.mi.us/eem/othernsr.aspx and complete the NSR entity form. This directory information will include:

   a. Official Name of Entity
   b. County Code
   c. E-mail Address of Entity
   d. Phone Number
   e. Entity Open Date
   f. Physical Contact Details
   g. Primary Address Details
   h. Mailing Address of the Contact

2. Once all fields have been completed, click the save button to send the request to CEPI Customer Support. The requester will be notified via e-mail when the request has been reviewed. When the non-school recipient entity has been added, it will be assigned an entity code/agreement number which will be included in the e-mail message. Please make note of this number, as you will need it to complete the security process.

3. After the non-school recipient has been added to the EEM, the requestor will need to become an authorized user of the application in order to maintain and edit the new entity's information. Please follow the steps outlined in the accompanying pages that describe how to request access to the application.
Steps for Becoming a NSR Authorized User for the Educational Entity Master (EEM)

Please do not return the instruction pages with your security agreement form.

Obtaining access is a two-step process:

1. Individuals must first request access to the application through their Single Sign-On (SSO) accounts.
   
   **Note:** If you do not already have an SSO account, you may register for one online at: https://sso.state.mi.us/ by clicking the Register button and following the on-screen directions.

2. Individuals must send the appropriate security access form to CEPI, signed by the district superintendent or chief administrator.

Access to the application will be granted only when both of the above steps have been completed and verified by CEPI.

Requesting Permission Through Your SSO Account

To request access to the EEM, log in to the SSO application at https://sso.state.mi.us/ and follow these steps:

1. Click the "Subscribe to Applications" link in the bottom left-hand corner of the screen.

2. You will be taken to a new screen with drop-down menus. Select CEPI in the first drop-down and Educational Entity Master (EEM) from the second. Click Next.

3. You will be taken to a subscription page for the application. Review the information and click Confirm.

4. You will receive a confirmation message (both on the screen and by e-mail) stating your subscription request was submitted successfully. If you have not already done so, you should now fax your signed security form to CEPI.
