1) What is this grant offering?
   a. To help principals and assistant principals receive training on conducting educator evaluations consistent with MCL 380.1249. It was initially offered in the fiscal years of 2013 and 2014. Unused funds appropriated from the FY 13 and FY 14 years were rolled forward by the State Budget Office to allow the MDE to continue to offer this grant opportunity until the remaining funds are exhausted.

2) What are the requirements for a training program eligible to be covered by this grant application?
   a. Training programs must have been previously approved by the department meet the following criteria as it was in the statute that created this grant program for two prior fiscal years:
      i. Contain instructional content on methods of evaluating teachers consistently across multiple grades and subjects.
      ii. Include training on evaluation observation that is focused on reliability and bias awareness and that instills skills needed for consistent, evidence-based observations.
      iii. Incorporate the use of videos of actual lessons for applying rubrics and consistent scoring.
      v. Provide ongoing support to maintain inter-rater reliability. As used in this subdivision, “inter-rater reliability” means a consistency of measurement from different evaluators independently applying the same evaluation criteria to the same classroom observation.

3) What is the amount of this grant award?
   a. The grant awards $350 per principal or assistant principal that is listed in the grant application. Districts submitting a principal training grant application with personnel determined to be eligible for the $350 award. Districts will receive payment amounts in state school aid payments in multiples of $350, depending on the number of eligible personnel.

4) What personnel in my district are eligible to receive the $350 each award for principal training purposes?
   a. Districts submit the Personnel Identification Codes (PICs) of their Principals and Assistant Principals who will receive the training for conducting educator evaluations. The district MEGS+ user should work
closely with the district Registry of Educational Personnel (REP) Authorized User to ensure that the PICs submitted are correct. Eligible PIC assignments for the $350 training grant award are those with the specific submitted REP assignment code as listed here:

1. 73100-73599 (Principals)
2. 74100-74599 (Assistant Principals)
3. 72101, 72201, 72301, 72401, 72501 (School Management Administrators)
4. 76101, 76201, 76301, 76401, 76501 (School Management Supervisors)
5. 77101, 77201, 77301, 77401, 77501 (School Management Coordinators)

New to district/position staff that were not previously submitted by the district in the REP should be submitted after the district identifies the new hire or new to-principal-role staff. Additional grant eligibility will be evaluated on a per-PIC basis using the Fall 2015 REP Collection.

Principals and assistant principals identified as such in the Fall 2015 REP Collection that are new to the district or principal/assistant principal position assignment will be considered at a later date following the close of the Fall 2015 REP Collection window. For PICs submitted in grant applications that were determined not to have the principal/assistant principal assignment codes specified in the eligibility portion of this document in their 2014-15 End-Of-Year REP Collection, a second wave of reviews will be conducted and awards processed.

5) How do I request this grant application for my district’s principals and assistant principals?
   a. Instructions on how to request the grant has been created and posted at www.mi.gov/educatorevaluations. The direct link to the instructions document is: http://www.michigan.gov/documents/mde/MEGSPlusInstructions_493637_7.pdf. The link to the login page of MEGS+ is: https://mdoe.state.mi.us/MEGSPlus/

6) What will I need to apply for this grant?
   a. You will need a list of Personnel Identification Codes, or PICs for the principals and assistant principals in your district that you wish to apply for the $350 award for. These PICs come from the REP application. Your district HR staff should be able to help you identify these codes.

7) What if my previously submitted principal/assistant principal staff were not submitted with the eligible assignment codes you mentioned in #4?
   a. They will not be eligible for the first waive of grant approvals, however, if funds are available, the MDE will review applications again using the Fall 2015 REP information. If this applies to your situation, you may want to reconsider the assignment codes you will submit in
