DESIGN SERVICES – QUESTIONS & ANSWERS**

JN 90100C

Question 1: Is it correct that the only changes to the current version of the RFP are that: the anticipated start date is 11-16-09, and the prequalification for Traffic Capacity Analysis and Geometric Studies was removed.

Answer 1: **Yes, those were the revisions to the currently posted RFP. The removal of the Traffic Capacity Analysis and Geometric Studies was done because the selected consultant is going to be assisting MDOT staff in performing the tasks related to this.**
