Pavement Reconstruction of M-89
JN 90028C

Question 1: Is there any existing information available such as existing plans, scoping document, etc. that we can review?

Answer 1: The scoping document is available for review at the Kalamazoo Transportation Service Center from 8 a.m. to 4 p.m., Monday through Friday.

Question 2: Per the RFP, MDOT will provide “ground survey mapping.” The consultant’s role is to provide pick-up survey. Can you describe the nature and extents of the anticipated pick-up survey?

Answer 2: Potential exists for the mapping and ROW surveys of small areas for storm water outlets.
