ENGINEERING OPERATIONS COMMITTEE
MEETING MINUTES
MAY 4, 1995, 9:00 A.M.
EXECUTIVE CONFERENCE ROOM

Present: R. A. Welke  C. J. Arnold  R. E. Maki
G. D. Taylor  P. Miller  J. Reincke
D. Vandenberg  J. D. O'Doherty

Guests: T. Fort (FHWA)  J. Erickson (FHWA)

OLD BUSINESS

1. Approval of the Minutes of the March 2, 1995, Meeting - R. Welke

Minutes of the April 6, 1995, meeting were approved with minor corrections and additions. Revised minutes will be sent out immediately.

2. Guardrail Endings - R. Welke

Bob Welke recently met with the Federal Highway Administration (FHWA) regarding blunt-end guardrail terminals on the National Highway System (NHS). The FHWA needs a plan of action by June 29, 1995, indicating our replacement procedure. All installations after December 1995, must have a crash-worthy terminal. FHWA indicated these new endings will be available this summer and should be placed in jobs immediately for 1996, construction. FHWA will provide a definition of blunt-end terminals and the department will conduct a statewide survey of the NHS to locate the endings and schedule their replacement.

ACTION: Bob Maki will set up a meeting to respond to this request and will respond back to EOC in June.

3. Follow-up to Life-Cycle Costing/Users' Cost - B. Turner

Discussion was postponed until the June meeting.
