Resolving Utility Problems

Are you experiencing problems with your natural gas, electric, video/cable, or telephone service? If so, your first step should be to contact your utility company to discuss and resolve billing or service troubles. Should the issue persist, the Michigan Public Service Commission (MPSC) may be able to help.

The MPSC’s Service Quality staff can be reached Monday through Friday from 8:30 a.m. to 4:30 p.m. at 800-292-9555. MPSC staff can explain the rules and standards governing many aspects of utility service and can help consumers understand how the regulations apply to their particular situation. Staff can also initiate complaint investigations to ensure that established rules and standards are being followed.

Complaints and inquiries can also be submitted by sending a letter detailing the dispute to P.O. Box 30221 Lansing, MI 48909, fax number 517-241-6272, or by completing an on-line form at michigan.gov/mpsccomplaints.
