Use of Michigan-Made Products
ARCHITECT’S CERTIFICATION  
RE: MICHIGAN PRODUCTS

Under Michigan’s Qualified Allocation Plan for 2013-2014, projects must demonstrate the use of products and goods that are manufactured by Michigan-based corporations and incorporate them into the proposed development.

By signing this form, the architect hereby certifies that the Construction Documents for the proposed development incorporate the following (applicants may subdivide the table below):

<table>
<thead>
<tr>
<th>Product</th>
<th>Manufacturer</th>
<th>Manufacturer’s Address</th>
</tr>
</thead>
</table>

After construction has been completed, the architect shall verify the use of the products listed above and report any discrepancies to the Authority.

The Authority reserves the exclusive right to determine whether a manufacturer is “Michigan-based.” Failure to adhere to this certification is the responsibility of the Applicant and may result in future negative points, which may further result in a future project not being funded.
