

Annual 2023 Electronic Signature Declaration for Electronic Filing of Forms L-4046, L-4626, and Millage Rates

INSTRUCTIONS: The County Equalization Director who wishes to use an electronic signature on reports or wishes to gain access to their secure county online account, must properly complete this form and submit it by USPS mail to the Property Services Division to the mailing address located at the bottom of this form. Upon receipt of a properly completed form, the Property Services Division will issue a unique Personal Identification Number (PIN) within five (5) business days and notify the County Equalization Director via the official email address that is on file with the State Tax Commission. This PIN will then be used in lieu of an original signature when filing annual reports electronically.

Annual State Equalization Reports Electronic Signature Instructions

1. Any County Equalization Director desiring to use an electronic signature on an annual equalization report and gain access to an individual secure online account, must properly complete Form 4606, Electronic Signature Declaration for Annual Equalization Reports and mail to: Michigan Department of Treasury, Property Services Division, P.O. Box 30790, Lansing, MI 48909.

The Property Services Division will review the submitted form and, if properly completed, will issue a personal identification number by conventional mail to the County Equalization Director who signed the form. Personal identification numbers are to be treated as confidential information (to be disseminated only for use in the equalization process) and will not be issued over the telephone. Upon written request, personal identification numbers may be issued by electronic mail.

2. Properly completed forms will be verified and processed by the Property Services Division and personal identification numbers issued within 5 business days of receipt.

3. Upon receipt of the personal identification number from the Property Services Division, the county will use this number in lieu of an actual signature on annual equalization reports which are filed electronically. Secondly, it enables access to the individual secure accounts. These accounts will be used for online entry and submission of equalization data for those who use the simplified online reporting process, and these accounts will also be viewable for those who wish to view the tentative and final values.
