## PREFACE

### AD VALOREM PROPERTY TAX LEVY REPORT

Act No. 332, Public Acts of 1993, which became law on December 31, 1993, changed the way local assessors reported their tax levy information to the Michigan Department of Treasury beginning in the 1993 tax year. Prior to that year, local assessors reported Ad Valorem property taxes on one report. This report was used to compute both the statewide average tax rate and to provide the basis for revenue sharing payments. Beginning with the 1993 tax year, the change in the law required the assessor to file two reports; one to report the State Equalized Value of all classes of property, real and personal, and another to report the State Equalized Value of Commercial, Industrial, and Utility classifications of property.

On March 15, 1994, Michigan voters adopted Proposal A. Prior to Proposal A, State Equalized Value (SEV) was used in calculating property taxes. As established by Proposal A, beginning with the 1995 tax year, and continuing through the current tax year, TAXABLE VALUE is used as the base for calculating property taxes and is used instead of SEV throughout this book.

The information in this book is based on the combined total TAXABLE VALUE of all classes of property, real and personal.

County, township, city, and village Taxable Values, millage rates, and tax levies are included in this book. Local school district, Intermediate School District, and Community College information is also included.

Beginning with the 2008 tax year, a legislative change exempts Industrial Personal Property from up to 18 mills of local school district operating millage and the 6 mill State Education Tax. Commercial Personal Property is exempted from up to 12 mills of local school district operating millage.

For information based on Commercial, Industrial, and Utility property, which is used to calculate the Statewide Average Tax Rate, please refer to the report entitled, "Commercial, Industrial, and Utility Property Tax Levy Report", Form 2825.
