## APPROVED VOCATIONAL REHABILITATION FACILITIES

---

The Workers' Compensation Agency takes a pluralistic approach to the utilization of vocational rehabilitation facilities and recognizes Michigan Rehabilitation Services as an agency approved vocational rehabilitation facility, as well as private firms that meet the criteria established by the Workers' Compensation Agency.

It is not required that rehabilitation facilities obtain agency approval to serve injured workers. However, if the director finds it necessary to order vocational rehabilitation evaluations/services pursuant to MSA 17.237 (319), such referrals must be to an agency approved facility.

- o The following rehabilitation facilities provide comprehensive vocational rehabilitation services, including physical restoration, vocational evaluation, counseling and guidance, retraining, job analysis and selective placement, job restructuring, and competitive job placement services. Each facility should be contacted individually to determine the scope of services offered and fee structure.

**ALARIS**
