MI School Data User Migration

In summer 2020, all MI School Data secure users will need a third party MILogin account with the same email address as their current MI School Data account to access secure data. Users who don't already have this type of MILogin account must create one prior to the migration to retain access to secure data. If this is not done prior to the migration, users will need to fill out a security form and request a new account. Please refer to the MILogin/MI School Data Instructions for information on how to set up your MILogin account now to ensure continued access to your data.

Recently Updated

- The **Parent Dashboard** has been updated with 2018-19 graduation and dropout data.

Updated in Preview

- Annual counts and FTE of teachers, administrators, paraprofessionals and other staffing groups are included in the **Staffing Count** report, including breakouts by age range, longevity, race/ethnicity, gender and highest education level. The report has been updated with 2019-20 data.

Coming Soon

- The **24 College Credits** report shows the amount of time Michigan public high school graduates take to accumulate 24 college credits. This report will be updated with 2018-19 postsecondary data for high school graduation years 2017-18 and prior.

- The **College Enrollment by High School** report shows the number of Michigan public high school graduates who enrolled in a college or university. This report will be updated with 2018-19 postsecondary

data for high school graduation years 2017-18 and prior.

- **College Enrollment Destination** data showing the colleges and universities where public high school students enrolled will be updated with 2018-19 postsecondary data for high school graduation years 2017-18 and prior.

- Student progression in postsecondary education after high school graduation is shown in the **College Progression by Graduating Class** report. The report will be updated with 2018-19 postsecondary data for high school graduation years 2017-18 and prior.

- The **College Remedial Coursework** report will be updated with 2018-19 postsecondary data for high school graduation years 2017-18 and prior showing the number of Michigan public high school graduates who took at least one remedial course after enrolling in a Michigan college or university the year after high school graduation.

- Data for 2018-19 showing transfer patterns, demographics and performance data for students who transferred into or out of a Michigan college or university will be added to the **College Transfers** report.

- The **College Undergraduate Enrollment** report offers a closer look into the undergraduate classes of Michigan's colleges and universities, including the number of degree-seeking students, student age, and whether students graduated from a Michigan public high school the year prior to enrollment. This report will be updated with 2018-19 data.

This page is updated the first and third Wednesday of every month with news and report release information. For a schedule of report releases, please see our Report Calendar. Check the ticker on MI School Data for updated report release news.
