

This is a report card created by the Michigan Department of Education (MDE). Report cards are made for each company that tutored students during the 2010-2011 school year, in the program named Supplemental Education Services (SES).

The purpose of report cards is to give parents information to help them choose an SES tutor for their children in the coming school year. SES is a free tutoring program.

How Employment & Training Designs, Inc. Explains Their Tutoring Program, in Their Own Words:

The MDE has not edited this description.

This program is a computer based tutoring program with a student to tutor ratio of 1:8. All of the tutors will be degreed professionals, which either have a background in education, or have completed an accredited tutoring preparation program. Tutoring sessions will be two hours long twice a week. KeyTrain has been chosen as our curriculum of choice. KeyTrain offers a curriculum in Reading (for information), and Mathematics (applied) that has been adopted by the Department of Education and is a part of the Michigan Merit Exam. All students will be given the pre-assessment in both Reading and Math, and based on their performance lessons and goals will be generated. Unlike most academic based computer programs, KeyTrain offers a state approved curriculum that works with the student to attain higher level thinking skills in both math and reading. This program is not being created so students can pass a test, it is being created so our students have the ability to solve real life problems, and will be better prepared to tackle their post-secondary experiences.

About This State-Approved Program:

Subject Areas: English, Mathematics

Grades Served: 9-12

Estimated Hours of Tutoring Per Student: 20
