Multistate Pharmacy Jurisprudence Examination® (MPJE®)

Exam Objectives

To assess the competency of pharmacist licensure candidates in the area of pharmacy jurisprudence. The MPJE combines federal- and jurisdiction-specific questions to fulfill its stated purpose.

The exam has been designed to assess how well candidates apply their knowledge, skills, and abilities to **evaluate situations involving the applicable federal and state laws and regulations** that govern the practice of pharmacy in the state in which they are seeking licensure.

Individual jurisdictions use the results of the MPJE as a part of the requirements for licensure. Other requirements include internship hours, and the NAPLEX; however, in almost every jurisdiction, the MPJE is the only licensure requirement that ensures pharmacists have adequate **knowledge of pharmacy laws and understand the regulation conceived by the state boards of pharmacy to protect the public health.**

Multistate Pharmacy Jurisprudence Examination® (MPJE®)

- Assess competency in area of pharmacy jurisprudence
- Federal and jurisdiction-specific questions
- Apply knowledge of applicable federal and state laws and regulations
- Protect the public health
- Meet state licensure requirements

Performance Results by Competency Area

The results shown for each competency area below may be useful in future efforts to prepare for the NAPLEX®. Your performance by section is represented by one of four achievement levels:

- Level 1:** Performance at this level is **far below meeting the minimum performance** necessary to demonstrate competency.
- Level 2:** Performance at this level **does NOT meet the minimum performance** necessary to demonstrate competency.
- Level 3:** Performance at this level **meets the minimum performance** necessary to demonstrate competency.
- Level 4:** Performance at this level **exceeds the minimum performance** necessary to demonstrate competency.

Exam Competency Areas (% Covered in Exam)	Level 1	Level 2	Level 3	Level 4
Obtain, Interpret, or Assess Data, Medical, or Patient Information (18%)		X		
Identify Drug Characteristics (14%)		X		
Develop or Manage Treatment Plans (35%)	X			
Perform Calculations (14%)	X			
Compound, Dispense, or Administer Drugs, or Manage Delivery Systems (11%)		X		
Develop or Manage Practice or Medication-Use Systems to Ensure Safety and Quality (7%)	X			

Classifications of performance in each competency area are provided as descriptive feedback only. Overall pass or fail decisions are based on your total score, while competency area scores are based on your performance on items in the specific competency area. These results are a reliable reflection of your expected performance until you gain further competence. You may consider contacting your pharmacy school to request assistance. For further details on topics covered in each of the Competency Areas, please refer to <https://nabp.pharmacy/naplex-competency-statements/>.
