

FREQUENTLY ASKED QUESTIONS
REGARDING THE ANNUAL EDUCATION REPORT (AER)
Updated 11/20/2024

Q.1 What is the Annual Education Report (AER)?

A.1 The Annual Education Report (AER) is a report designed to meet federal requirements of the Every Student Succeeds Act (ESSA) for reporting on performance for the most recently completed school year to parents and communities. The 2024-25 AERs are based on data from the 2023-24 school year.

Q.2 Who is required to produce the Annual Education Report (AER), and what is its purpose?

A.2 All local educational agencies (LEAs), including public districts, public school academies (PSAs), intermediate school districts (ISDs), or regional education service agencies (RESAs), are required to report their 2023-24 performance. If used as designed, this is how Michigan schools and LEAs will meet the requirement of the Every Student Succeeds Act (ESSA) and State law, Act 451, P.A. 1976 (and P.A. 25).

<p>NOTE: If there is an 'Annual Education Report' found at MI School Data, then an AER cover letter is required to be prepared and posted along with the 'Annual Education Report.'</p>
--

Q.3 What is required of each LEA and each school to meet reporting requirements?

A.3 Each LEA must:

- Save the final district 'Annual Education Report' and post it to the district website or provide a link to the report on the [MI School Data website](#).
- Edit the current district template cover letter addressing all the requirements and post this with the district AER. The letter should be dated to include when the AER was posted/sent <Month/Day/Year>. (See Q.6/A.6 below for the location of the cover letter templates.)
- Make paper copies of the 'Annual Education Report' and the cover letter available to parents and members of the community that do not have internet access.
- Announce to the parents and community that both the district and the school AERs are available and how to access them.

Each school must:

- Save the final school 'Annual Education Report' and post it to the school website. If the school does not have its own website, these must be posted to the district website.
- Edit the current school template cover letter addressing all the requirements and post this with the school 'Annual Education Report'. The letter should be dated to include when the AER was posted/sent

<Month/Day/Year>. (See Q.6 and A.6 below for the location of the cover letter templates.)

- Make paper copies of both documents available to parents and the school community members that do not have internet access.
- Notify parents that the AERs are available and how to access them.

Q.4 What are the components of the AER that LEAs and schools must use? Where is the information found?

A.4 LEA Required Components:

- The 'Annual Education Report' for the district, and
- A cover letter using the content outlined in the district template cover letter.
 - Designation of schools identified as TSI, ATS, CSI, or No Label (See Q.5/A.5 for definition of status designations.)

School Required Components:

- The 'Annual Education Report' for the School, and
- A cover letter using the content outlined in the school template cover letter.
 - Designation of schools identified as TSI, ATS, CSI, or No Label (See Q.5/A.5 for definition of status designations)

Location of Data for AERs

Both the 'Annual Education Report' and the cover letter templates provide information unique to the LEA or school and can be found on the [MI School Data website](#):

- The 'Annual Education Report' is different for each LEA or school. See A.14 below for a description of the content.
- Login to the secure [MI School Data website](#) is required to access the templates. (See Q.6/A.6 below.)

Q.5 How do districts and schools report status designations of Targeted Support and Improvement (TSI), Comprehensive Support and Improvement (CSI), Additional Targeted Support (ATS), and those identified as (Universal Supports) No Label in cover letters?

A.5 For the 2024-25 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA).

- A Targeted Support and Improvement (TSI) school is one that has at least one student subgroup performing in the bottom 25% within each applicable accountability index component.
- An Additional Targeted Support (ATS) school has at least one subgroup performing at the same level as a lowest-performing 5% school.
- A Comprehensive Support and Improvement (CSI) school is one whose performance is the lowest 5% of all schools in the state, has a graduation rate at or below 67%, or failed to exit ATS status in 2021-22.
- Some schools are not identified with any of these labels. In these cases, a "Universal Supports" label is given.

For TSI schools – schools are identified every year. It is up to the local district to determine how and when its school(s) exit TSI status. MDE last identified a group of TSI schools for 2024-25 (using 2023-24 data). If your school was included in this identification group and was not exited by your district after being identified, you must continue to report your school with a TSI status. ATS schools were last identified in 2022-23 based on federal requirements. CSI schools were last identified in 2022-23. CSI and ATS schools that have not been exited by MDE must continue to be reported with that status for the AER.

School statuses for 2024-25 can be found by checking your schools' [index report](#) on MI School Data or the 2024-25 Accountability Master Results File on the [MDE Accountability](#) page under the Reports and Data section. Additionally, CSI, TSI, and ATS statuses can be found in the Comprehensive Support and Improvement School Identification List for 2022-23 , Targeted Support and Improvement School Identification List for 2024-25 , and Additional Targeted Support School Identification List for 2022-23 on the [MDE Accountability](#) page.

Reminder: Linking ensures the most current data are reflected. A PDF copy may become outdated since it is current only as of the date the report was retrieved and saved.

The data are important to provide parents and the public with detailed information that is easy to find and compliant with AER requirements. It also

helps school districts package all the required data elements needed for federal reporting in one location, saving valuable time and resources.

Q.8 Can we retrieve our 'Annual Education Report', save it as a PDF copy, and then post it to our website as in the past?

A.8 Yes, that is still possible. We are attempting to make it easier for schools to post their AERs by allowing you to **link** directly to your own unique 'Annual Education Report' on the [MI School Data website](#), BUT if you prefer a static PDF copy, you may use that method (see A.7 above).

Q.9 When must the 'Annual Education Reports' and cover letters be posted and available?

A.9 LEAs and schools must post and make copies available no sooner than January 6, 2025, but no later than February 18, 2025. Providing this information may help parents work with teachers, principals, and administrators to better meet the unique needs of their children. This information should remain available on the website(s) until the next year's report is prepared.

Q.10 If my staff does not have a log-in name and password to the [MI School Data website](#), how do I establish one for them?

A.10 [Contact your ISD/RESA](#). For a list of these contacts, find the Technical Contact for your specific ISD. The Technical Contact listed will be able to create new accounts and reset passwords.

Q.11 How will the state monitor implementation of the reporting requirements?

A.11 Both the state and the federal government will be monitoring district and school websites for 'Annual Education Reports' and cover letters.

Q.12 How do school staff members PREVIEW the AER to help prepare the template cover letters?

A.12 **Expect to have the embargoed data available to prepare your cover letters beginning December 9, 2024, but please do not link or post any 'Annual Education Reports' prior to January 6, 2025.**

MDE will provide early access to the 'Annual Education Reports' so that LEAs can **PREVIEW** their embargoed data at the [MI School Data website](#) beginning December 9, 2024, as the assigned district and school staff members responsible for these reports prepare the cover letters.

The cover letter templates reflect specific data used to complete the 2024-25 AERs (based on data from the 2023-24 school year).

The 'Annual Education Reports' linked into the letter must be final data. Final data becomes available as of January 6, 2025.

Q.13 Where do I find the embargoed data during the PREVIEW time

A.13 During the embargoed period, users can access the AER from the 'K-12 Grade > School Accountability > Annual Education Report' navigation menu. **Annual Education Report tab** - remember, the data are embargoed and just available for review/preview. Do not save and post these data, as changes could occur during this time.

Q.14 What will we find in the 'Annual Education Report' on the [MI School Data website](#)?

A.14 The content of the report is presented in several sections:

Educator Qualifications: Identifies the number and percentage of inexperienced teachers, principals, and other school leaders. Reports teachers who are teaching with emergency or provisional credentials. Includes teachers who are not teaching in the subject or field for which they are certified.

Student Assessment: Includes the following four assessments: M-STEP (Michigan Student Test of Educational Progress), College Board PSAT, MI-Access (Alternate Assessment), and College Board SAT. This section presents assessment information for English language arts and mathematics for grades 3 to 8 and 11 and MI-Access science for grades 4, 7, and 11, compared to state averages for all students as well as subgroups of students. The report helps users to understand achievement performance within grades and schools and to make comparisons to district, state, and national achievement benchmarks.

NAEP Report: Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8. The NAEP (National Assessment of Educational Progress), commonly referred to as 'the Nation's Report Card,' is another important assessment tool used to determine student progress. NAEP results cannot be directly compared with M-STEP results for the same grade. There are no national standards. NAEP uses a different assessment framework from Michigan. NAEP and M-STEP define their performance level descriptions differently, and performance levels do not correspond between the two assessments. NAEP is given in the winter, M-STEP is given in the spring.

Accountability: The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale. Here, you can identify how well the school and district are serving the overall academic needs of students. More information is available at [MDE Accountability](#).

Civil Rights: Information is available through a linked data file and covers school environment areas like discipline, safety, and chronic absenteeism.

NOTE

The AER has been developed to prevent the display of data that might allow for the identification of individual student-level information. The report utilizes two sets of suppression rules.

Assessment Data – If there is a subgroup that has less than ten students, the entire row will show asterisks. Additional suppression is applied; for further details, please see the AER M-STEP, PSAT, SAT, and MI-ACCESS suppression rules documentation.

Accountability Data – If there is a subgroup that has less than ten students, you will see a label of <10 in place of the data.

Q.15 Where do the data come from? Will we have a chance to appeal the data presented?

A.15 The data in the 'Annual Education Report' has been extracted directly from a variety of state databases. For example, the assessment data comes directly from the M-STEP, MI-Access, PSAT, SAT, and NAEP reports prepared by the MDE, Office of Educational Assessment and Accountability (OEAA). Educator Qualifications data comes from the Center for Educational Performance and Information (CEPI) as reported in the Registry for Educational Performance (REP). Some accountability data comes from OEAA, and some data comes from CEPI. Civil Rights data is submitted by schools and districts directly to the federal Office of Civil Rights.

LEAs and schools have had the opportunity to appeal this data during the appeal or correction windows of the source reports. For example, a district that wanted to appeal graduation rates or participation rates had the opportunity to do so during the appropriate appeals windows. Districts that wanted to correct the teacher quality data had the opportunity to do so shortly after submitting the REP data.

To appeal or correct next year's data, take full advantage of the assessment and accountability appeal or CEPI data correction opportunities. There are no appeals of data once it is part of the AER.

Q.16 What can I do to prepare for the release of the 2024-25 AER (based on data from the 2023-24 school year) while the data is embargoed for preview?

A.16 Go to the [MI School Data website](#) and log in as soon as they are available. (See Q.12.) Open the 'Annual Education Report' for your LEA or school. Familiarize yourself with the data from last year. Learn how to navigate the reports. Identify how to print the 'Annual Education Report' and how to **link it** to your website.

Find the revised 2024-25 district and school cover letter templates on the secure [MI School Data website](#). When you have assessment and accountability results, you can begin drafting your AER cover letters using the templates found on the website. (See A.6 above.)

Q.17 Does an LEA, PSA, or ISD/RESA that has ONLY ONE SCHOOL need to produce and distribute both district and school 'Annual Education Reports' and cover letters?

A.17 No. If your LEA, PSA, or ISD/RESA is a single building school district, you only need to produce and distribute a school level 'Annual Education Report' and a school level cover letter. Do NOT produce, post, or distribute district-level reports or district cover letters. If there are any questions, please contact the Office of Educational Supports AER team at mde-oes@michigan.gov, or the MDE School Accountability team mde-accountability@michigan.gov.

Q.18 I'm new to the district. What are the necessary steps in the process?

A.18 Once the determination has been made as to the staff member(s) responsible for preparing and posting the AER, these are the steps:

1. Provide access to [MI School Data](#). A login and password are required to access the AER cover letter templates at [MI School Data](#). If you do not have a secure login and require one, or if you do not remember your username/password, please contact the [Technical Contact for your ISD](#) for assistance. (For access issues, refer to A.10 above.)
2. Provide access to district and school data.
3. Log on to [MI School Data](#) to review the required information for the district and cover letter templates. These letters are updated annually. Do not use a cover letter from a previous year. The narrative on the cover letter page provides a good overview.
4. Retrieve a separate 'Annual Education Report' from [MI School Data](#) for the district and each of its schools. Either link the report into the cover letter (preferred) or save the report as a PDF. Linking ensures the most current data are reflected. A PDF copy may become outdated since it is current only as of the date the report was retrieved and saved. The Annual Education Report Help pages provide a good overview of the data contained in the Annual Education Report.
5. Prepare the district and school cover letters.
6. Post the AER for the district, including the district cover letter and the district 'Annual Education Report,' in a location that allows for easy access. NOTE: If the district is a single building district, use the school cover letter instead of the district letter for the district.
7. Post the AERs for each school, including the school cover letter and the school's 'Annual Education Report,' in a location that allows for easy access. It should follow a consistent pattern as the district's to allow for easy access.
8. Make available paper copies of the AER in the main office for parents and members of the community that do not have internet access.

9. Announce to parents and the community that both the district and the school AERs are available and how to access them.

Q.19 Why are there two dates referenced in AERs? What date do we use when we post the AER to our website?

- A.19 2024-25 refers to the name of the current AER due by February 18, 2025. It reports on data results from 2023-24, the most recently completed school year. The AER should be posted on websites as the 2024-25 Annual Education Report.
