

Kasi Kelley - pancreas survival rate

From: "Beach, Marianne" <MBeach@hfhs.org>
To: "Kasi Kelley" <kelleyka@michigan.gov>
Date: 3/24/2009 9:57 AM
Subject: pancreas survival rate
CC: "Beach, Marianne" <MBeach@hfhs.org>

Good Morning Kasi,

I am attaching the transplant centers(4 digit code is assigned by UNOS) kidney, kidney/pancreas and pancreas volumes along with survival by center code. I reviewed data by size of kidney program with the following observations:

Kidney programs with equal or greater than 100 kidney transplants in 2008 had 26 scores of less than 80% in the kidney pancreas or pancreas alone programs.

Kidney programs with less than 100 kidney transplants in 2008 had 37 scores of less than 80% in the kidney pancreas or pancreas alone programs.

Please distribute to all members of workgroup for their review.

Thank you for your help,
Marianne
