Re: Wolverine World Wide, Inc. – Jewell Avenue and 10 Mile Road Area
Additional Proposed Scope of Work

Dear Ms. Hendershott:

Rose & Westra, a Division of GZA GeoEnvironmental, Inc. (R&W/GZA) is presenting this proposed scope of work (SOW) on behalf of Wolverine World Wide, Inc. (Wolverine). This SOW pertains to the alleged prior application of Wolverine waste as soil amendments on the farmland located at [REDACTED] Jewell Avenue NE as well as alleged solid waste disposal on the parcel located at [REDACTED] Jewell Avenue NE.

To evaluate these areas, Wolverine proposed on November 6, 2017 to notify, provide water (pending results), and sample nine residential wells. These notifications and sampling have been completed, and bottled water is being provided.

Based on additional information received subsequent to the November 6, 2017, scope of work, Wolverine now proposes to notify, provide water (pending results), and sample the balance of the residential wells in the attached DEQ-RRD Proposed Study Area. This revised scope of work now includes approximately 50 wells, including the original 9 wells. Notifications and bottled water deliveries will begin the week of November 13, 2017.

Sincerely,

Rose & Westra, a Division of GZA GeoEnvironmental, Inc.
