BASIS FOR REQUEST OF FINANCING INFORMATION: The Michigan Supreme Court has ordered that information about the financing of property sales must be gathered. The purpose is to determine whether favorable financing provided by the seller may have caused the sale price to increase. If so, any increase in price due to the favorable seller-provided financing must be removed before the sale is considered for property assessment study purposes.

EXPLANATION OF TYPES OF PURCHASE OR SALE

- Cash Purchaser pays total price in cash.
- Land Contract Agreement to transfer title to the property after terms of the contract have been fulfilled.
- Purchase Money Mortgage to Seller The buyer executes a mortgage to the seller. The title to the property is transferred to the buyer at the time of the sale.
- New Mortgage The buyer executes a new or original mortgage on the property for the amount borrowed, usually to a bank or savings and loan company.
- Mortgage Assumption Buyer is allowed to assume the balance and terms of the seller's existing mortgage.
- Second Mortgage The buyer executes a second mortgage to seller or third party for an amount over and above that of the first mortgage.

EXPLANATION OF TYPES OF MORTGAGES

- Conventional A mortgage loan at the current market interest rate and terms which is not insured by FHA or guaranteed by VA or FmHA.
- FHA Mortgage insured by the Federal Housing Administration.
- VA Mortgage guaranteed by the Veterans Administration.
- FmHA Farmers Home Administration, provides financing to farmers and other borrowers who are unable to secure loans elsewhere.
- MSHDA Michigan State Housing Development Authority, provides financing at lower than market rates to qualified borrowers.
- Wraparound or blended rate Refinancing technique involving the creation of a subordinate mortgage that includes the balance due on the existing mortgage plus the amount of a new secondary or junior lien (usually at a lower interest rate than the current market rate.)
- ARM or variable rate Mortgage that allows for a periodic adjustment of the interest rate.
- Buydown Payment advanced to a lender by an individual (usually builder, seller, etc.) to reduce the monthly mortgage payments for all or part of the term.
