#### **INTEREST RATE**

For period : January 1, 1999 - June 30, 1999

## (Replaces Revenue Administrative Bulletin 1998-2)

**RAB-98 -7.** This bulletin establishes the annual rate of interest due on underpayments and overpayments for the period beginning on January 1, 1999 and ending on June 30, 1999. The manner in which the daily interest rate is calculated was changed to be consistent with the Department of Treasury=s computer systems.

A daily rate of interest of .0002603 based on an adjusted annual rate of 9.5% shall be added to a tax deficiency or an excessive claim for the period stated above. The effective annual rate of 9.5% was established pursuant to section 23(2) of the revenue act, MCL 205.23(2); MSA 7.657(23)(2), at one percentage point above the adjusted prime rate charged by three commercial banks to large businesses.

The rates of interest as announced in this bulletin also apply to overpayments as added under MCL 205.30(1); MSA 7.657(30)(1) for periods after March 31, 1993. The rate of interest for periods prior to April 1, 1993 remains at the annual rate of 9%.
